

**Graduate Department of Nursing Science  
 Ph.D. Program**

**Program Plan**

Students should select courses that meet their clinical interests and provide a theoretical foundation for their area of study. Please bring this form to your supervisor for approval of course selection. This document should be made into 3 copies: 1 for the student, 1 for the Advisor, 1 for the Student Services Office. Please return a copy to the Student Services Office right after completion (latest by September 30) and revision (any time during the year) for record purposes.

Student's Name: \_\_\_\_\_ Field of study: Nursing Health Systems  
Effective Care & Health Outcomes  
Critical Approaches to Health & Health Care
