**BALANCE OF DEGREE FEE**

**The length of program into which a student is admitted pre-determines the minimum total academic fee that a student must pay prior to graduation. This fee is called the balance of degree fee.**

**Students who undertake their studies on a part-time basis are required to pay at least the same amount of tuition for their degree as a full-time student.**

**At the time of graduation, the cumulative program fees paid are calculated and, if the total is less than the degree fee, students must pay a balance of degree fee prior to graduation.**
