

## MN Clinical Program Placements Algorithm/Timeline Year 1

### Goal placement: To shadow an APN to get a sense of the role

#### Preceptor Requirements:

- Practicing in APN role
- Holding a master’s degree preferably in Nursing but could be related field (e.g. education, public health)
- Cannot be practicing in an NP role

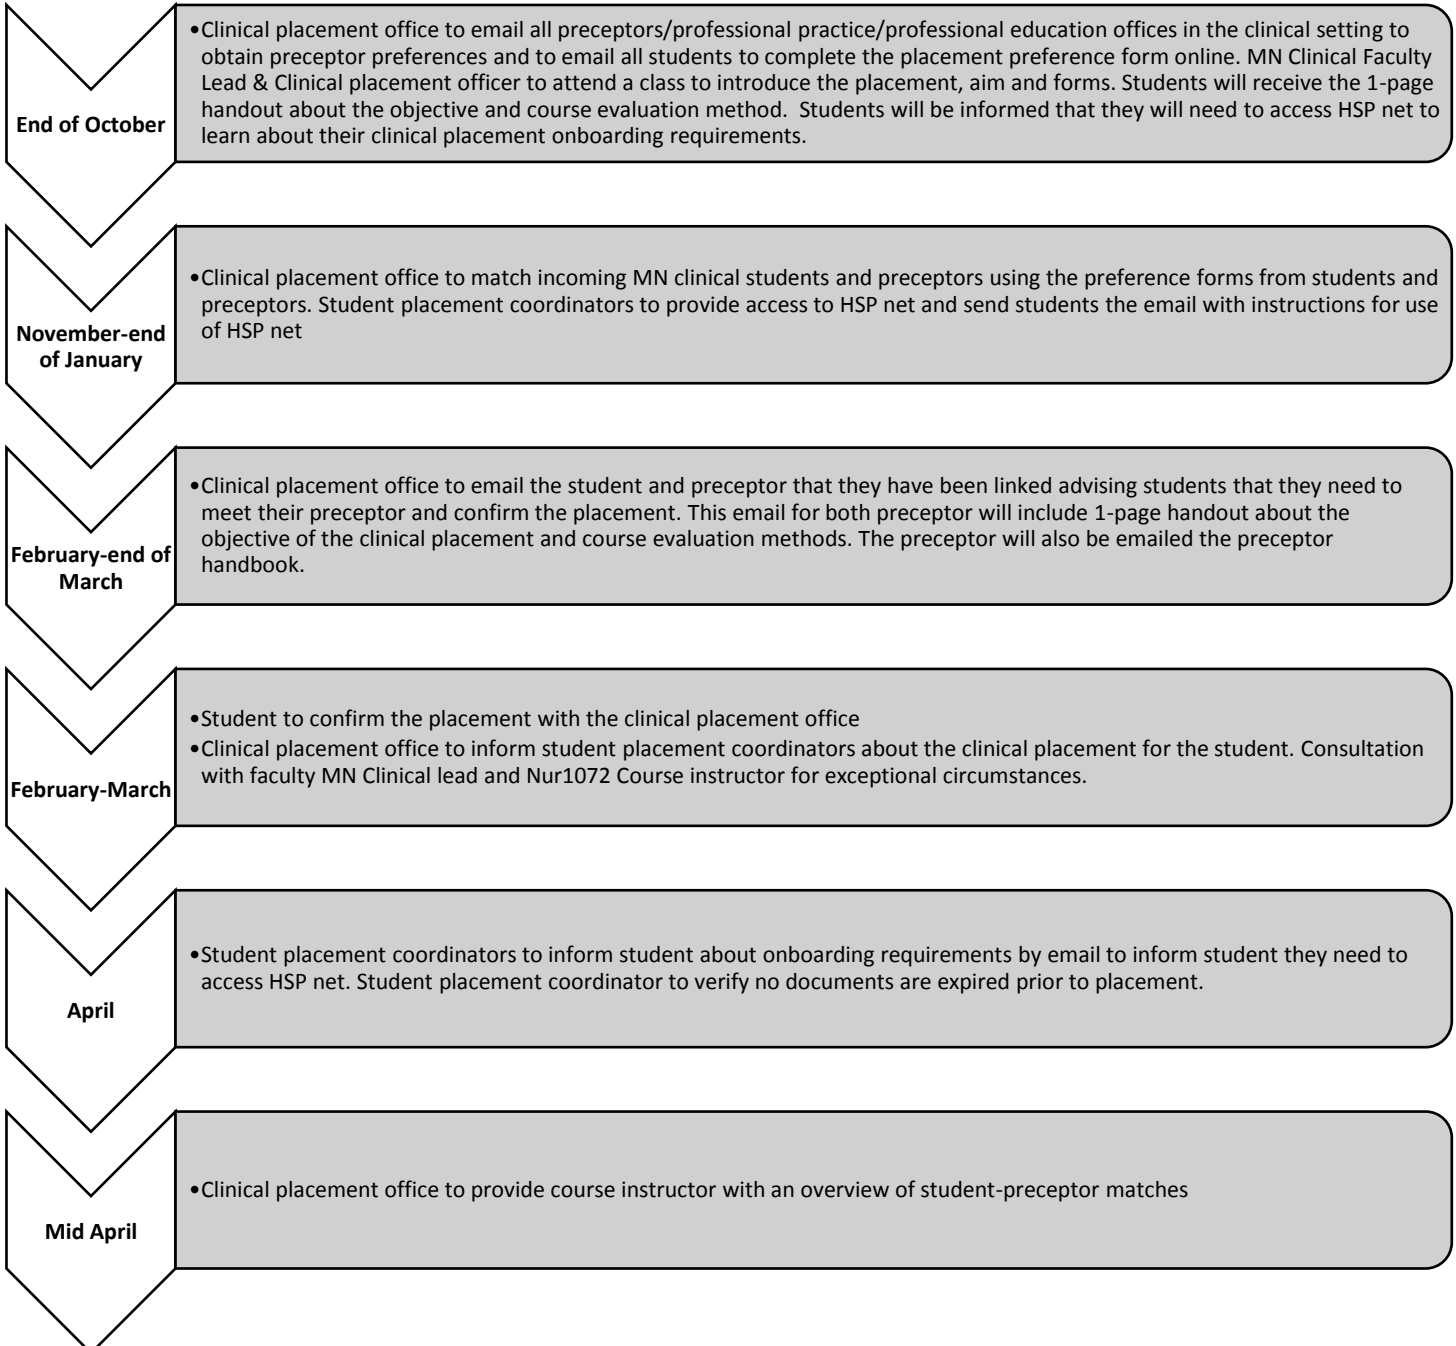

The Faculty will make every effort to accommodate your request.

**MN Clinical Program Placements Algorithm/Timeline Year 2**

**Goal placement: To enact the APN role by doing a project**

**Preceptor Requirements:**

- Practicing in APN role
- Hold a master’s degree preferably in Nursing but could be related field (e.g. education, public health)
- Cannot be practicing in an NP role

The Faculty will make every effort to accommodate your request.
