

Prior to the commencement of each academic year, all BScN, MN, and Post Master’s NP nursing students are required to submit this form along with a current police record check report (vulnerable sector screening).

As a nursing student, you undertake significant portions of your education in settings with exposure to vulnerable persons. All submissions should be sent via a secure file transfer system (see our website for information <https://bloomberg.nursing.utoronto.ca/current-students/placements>). Electronic documents will be kept confidential.

All students must be responsible for keeping their original police record check reports to show if requested at their practicum placement sites.

I hereby consent and agree to apply for and obtain a police record check report (vulnerable sector screening) at my expense, and provide the resulting report to the Faculty of Nursing. For the full duration of my nursing program, I agree that the Faculty of Nursing, in its discretion, may be required to disclose the results of such a check to other institutions and organizations involved in my educational activities and practicum placements.

I have read the *Lawrence S. Bloomberg Faculty of Nursing Guidelines Related to Police Record Checks* and am aware that the discovery of any false or misleading information or any concealed or withheld material may be considered a breach of the *Code of Student Conduct*.
