Grant and Award Opportunities

Remember – always check grant information carefully
New Canadian Opportunities

The Krescent Program Allied Health Doctoral Fellowships (Kidney Foundation) application deadline is April 5, 2022. Funds available: up to $31,000/year and can be held in Canada or abroad. The Allied Health Kidney Research Grants application deadline is April 5, 2022. Maximum award is $50,000 per year for one year.

The Arthritis Society (Canada) has launched its 2022 research competition.

- Strategic Operating Grants: LOI due April 12, 2022; full application (by invitation) due September 1, 2022. Funds available: Maximum per grant is $150,000 per year for up to three years ($450,000 total).
- Training Postdoctoral Fellowship: Full application deadline April 18, 2022. Funds available: $40-$50,000 annually for up to three years. Partner funding required.
- Training Graduate PhD Student Award: Full application deadline April 18, 2022. Funds available: $35,000 per year for up to three years ($105,000 total). Matching funds are required.
- Ignite Innovation Grants opens April 4, 2022; abstract registration deadline is May 16, 2022; full application due June 18, 2022. Ignite Innovation supports high risk, high reward research. Funds available: $50,000 per year for up to two years total ($100,000 total).
- Stars Career Development Award: Abstract registration deadline May 18, 2022, and full application due June 29, 2022. Funds available for Early Career Investigators: $125,000 per year for up to three years ($375,000 total) with an additional 3 three years of support from the Host Institution of an equal value. Maximum for mid-career investigators is $150,000 annually for up to three years with an additional three years of support from the Host Institution of an equal value.

IDRC Women RISE: Research to support women’s health and economic empowerment for a COVID-19 recovery that is inclusive, sustainable and equitable. Sponsored by the International Development Research Centre (IDRC), it includes funding from SSHRC and CIHR. $20 million is available, enough to fund 20 research teams. Maximum per grant: $1,000,000 over 24 months. Areas of research: Epidemiological studies, population health research, and implementation and intervention research. Research teams must be led by a LMIC-based researcher and include a co-lead researcher based in Canada and a relevant decision maker (who should be based in the country where the research will take place). Important dates: Concept note submission deadline: April 12, 2022. Successful submissions are invited to attend a proposal strengthening workshop to be held in June 2022. Full application due (invited proposals only): June 24, 2022.

SSHRC Upcoming Award deadlines: Connection Grants support events and outreach activities, value is $7,000 to $50,000 (higher amounts can be considered if well-justified). Important: 50% matching funds (Cash or in-kind) are required. Deadline: May 1, 2022, UofT applicants must submit one week before.

Partnership Engage grants support partnered research activities that will inform decision-making at a single partner organization. Value is $7,000 to $25,000. Partners are expected to support via in-kind or cash contributions. Deadline is June 15, 2022. UofT applicants must submit one week before.

Students: Applying for research funding? Contact the Research Office to get information and approval on proposals and ethics ahead of deadlines, and check with your supervisor!
Email: research.nursing@utoronto.ca
International Opportunities

The Ovarian Cancer Research Alliance Grant Program letter of intent deadline is April 7, 2022. Full proposal is due June 22, 2022. There are four opportunities: Collaborative research development grant: $300,000 annually for three years; Early career investigator grant: $150,000 per year for three years; Mentored investigator grant (for trainees – post-doctoral fellows or clinical fellows): $75,000 to be used over one or two years; and the Individual investigator award: $100,000.

The Lung Cancer Research Foundation offers several competitions:

- **Pilot Grant Program Letter of Intent Deadline is April 30, 2022.** Funds will support biological and clinical research, including prevention and screening for early detection, as well as supportive measures for people with lung cancer and their families. Funds available: $150,000 in funding over two years to early and mid-career investigators.

- **Research grants on oncogenic drivers in lung cancer letter of intent deadline is April 30, 2022.** Funds available: $150,000 in funding over a period of two years to investigators with any level of research experience.

- **Research grant on early detection and pre-neoplasia in lung cancer letter of intent deadline is April 30, 2022.** Funds available: $150,000 in funding over a period of two years to early and mid-career investigators.

The Oncology Nursing Society Foundation Research Grant competition Letter of Intent deadline is May 8, 2022, with full proposals due July 7, 2022. There are two competitions. Topic aligned with ONS Research Agenda (RE03), for emerging or mid-career oncology nurse researchers who have not previously received and completed at least one research study with a funding level of $50,000 as the study PI. Topic aligned with ONS Research Agenda (RE33), for established oncology nurse researchers with demonstrated funding history of at least $50,000 in prior funding. The three areas of focus for both grants are: Symptom science, health disparities, and palliative and psychosocial oncology care.

Alex’s Lemonade Stand Foundation (Pediatric Oncology) is offering two grants with an application deadline of May 12, 2022. ‘A’ Award is targeted to early career scientists who ideally do not have a currently funded project. The focus is on advancing the Foundation’s mission to find cures and better treatments. A mentor is required and a career development plan must be included. The requested budget should be at or under USD $800,000 in direct costs over four years; no indirect costs allowed; a maximum of US$200,000 in total costs per year for up to four years. The R Accelerator also provides support to find cures and better treatments. The requested budget should not exceed US$800,000 over four years (a maximum of US$200,000 per year may be requested). Indirect costs are not allowed.

The Mendez National Institute of Transplantation Foundation letter of intent deadline is June 15, 2022, with full application by invitation due November 1, 2022. Funds available: total of $150,000 per grant; grants may be two-year projects. Research focus is on multi-disciplinary research that will improve clinical outcomes in transplantation, empowering patients by providing education on proactively managing their health to improve long-term outcomes, and more.

NIH Funding

- Cancer Prevention and Control Clinical Trials Grant Program (R01 Clinical Trial Required); expires January 8, 2024; NCI; PAR-21-035 (R01)
• Modular R01s in Cancer Control and Population Sciences (R01 Clinical Trial Optional) (expires March 8, 2024, see specific application dates) PAR-21-190

• Pilot Effectiveness Trials for Post-Acute Interventions and Services to Optimize Longer-term Outcomes (in mental health conditions); R34 Clinical Trial Required. PAR-21-211; R01 Clinical trial required: PAR-21-210. For both, LOI required 30 days before due date; check specific deadlines. Expires March 17, 2024.

• NIMH (National Institute of Mental Health) Exploratory/Developmental Research Grant (R21 Clinical Trial Not Allowed); PA-21-235; expiry date: May 8, 2024

• NICHD (National Institute of Child Health and Human Development) Small Research Grant Program (R03 Basic Experimental Studies with Humans Required); PA-21-231; expires May 8, 2024.

• NICHD Small Research Grant Program (R03 Clinical Trial Required); PA-21-221; expires May 8, 2024.

• Innovative mental health services research not involving clinical trials (R01, clinical trials not allowed); PAR-21-316; LOI due 30 days before application due date; check notice for all application dates. Expiry September 8, 2024.

• Dementia care and caregiver support intervention research (R01, clinical trial required); PAR-21-307; LOI due 30 days before application due date; check notice for all application dates. Expiry February 14, 2024.

• Pragmatic trials for dementia care and caregiver support (R61/R33 – clinical trial required); PAR-21-308; LOI due 30 days before application due date; check notice for all application dates. Expiry February 14, 2024.

• Mood and psychosis symptoms during the menopause transition (R01 Clinical Trial Option). PAR-22-035 and (R01 Clinical Trial Option). PAR-22-036. Expiry January 8, 2025.

• Exploratory Grants in Cancer Control (R21 Clinical Trial Optional); NCI; Expires October 9, 2024; LOI required; PAR-21-341.

• Research on Biopsychosocial Factors of Social Connectedness and Isolation on Health, Wellbeing, Illness, and Recovery (PAR-21-352: R01 Clinical Trial Required, Expires September 8, 2024); (PAR-21-350: R01 Clinical Trials Not Allowed, Expires June 22, 2024); (PAR-21-349: R01 Basic Experimental Studies with Humans Required, Expires June 22, 2024), NCI, NINR, NIA.

• Using just-in-time adaptive interventions to optimize established adolescent mental health treatments (R61/R33 clinical trial required); RFA-MH-22-150; Letter of intent required; application deadlines June 22, 2022, and February 22, 2023 (NIMH).

• Exploratory/Developmental Bioengineering Research Grants (EBRG), R21 clinical trial not allowed, (PAR-22-090), and R21 Clinical Trial Optional (PAR-22-091), expires January 8, 2025

• Accelerating the pace of drug abuse research using existing data, R21 Clinical Trial Optional (RFA-DA-22-038) and R01 Clinical Trial Optional (RFA-DA-22-037), LOI required 30 days before due date; opportunity expires November 16, 2024.

• Pilot studies for the spectrum of Alzheimer’s Disease/Alzheimer’s Disease-related dementias and age-related cognitive decline, R61, Clinical Trial optional (PAR-21-360). NIH and NIA. Expires January 8, 2025.

• Early and late stage clinical trials for the spectrum of Alzheimer’s disease/Alzheimer’s related Dementias, and age-related cognitive decline, R01 Clinical Trial optional) (PAR-21-359). NIH and NIA. Expires January 8, 2025.

• Research on current topics in Alzheimer’s disease and its related dementias, R21 Clinical Trial Optional (PAR 22-094) and R01 Clinical Trial Optional (PAR-22-093). NIH and NIA. Expires November 13, 2024.

• Notice of Special Interest: Validation of Digital Health and Artificial Intelligence tools for Improved Assessment in Epidemiological, Clinical and Intervention Research. This special notice applies to several NIH Programs, including those sponsored by the National Institute of Nursing Research: e.g., PA-20-185; PA-20-183; PA-20-200 and more. This opportunity expires March 09, 2024.

• Innovative Pilot Mental Health Services Research Not Involving Clinical Trials (R34 Clinical Trial Not Allowed); expires May 8, 2025, NOI required 30 days before application deadline.

• BRAIN Initiative: Standards to Define Experiments Related to the BRAIN Initiative (R01 Clinical Trial Not Allowed); expires June 15, 2024. NOI required 30 days before application deadlines.
Expiring soon

- Dissemination and Implementation Research in Health NINR, NIA Expires May 8, 2022; PAR-19-274 (R01), PAR-19-275 (R21), PAR-19-276 (R03)

New

- Accelerating the Pace of Child Health Research Using Existing Data from the Adolescent Brain Cognitive Development (ABCD) study. PAR-22-138 (R21) and PAR-22-137 (R01). LOI required 30 days before application deadline; expires May 2025.
- Enhancing social connectedness and ameliorating loneliness to prevent and treat SUD and support recovery. RFA-DA-23-009 (R21) and RFA-DA-23-010 (R34). For both: LOI due July 15, 2022, and full application due August 15, 2022.

Many more opportunities are available in the NIH database. Important: for researchers thinking of applying to the NIH, NIH strongly encourages PIs to contact program officers directly. Program Officers give valuable information and assistance to applicants. They will also help rejected applicants understand the weaknesses of an application.

Standard application deadlines apply. Please check NIH funding applications carefully re: submission deadlines. U of T Researchers must meet internal deadlines; please check with research office before beginning an application.

New CIHR Opportunities

Global Alliance for Chronic Disease: A life course approach to common non-communicable disease risk factor prevention and reduction. This call will focus on implementation research proposals on reducing risks for NCDs in LMICs and/or disadvantaged populations in HICs. CIHR expects to fund at least five grants for up to five years, for a total of up to CAD$2,000,000 per grant. GACD application deadline is May 31, 2022, 11:59 pm UTC. An information webinar was held on February 7, 2022; a recording is available. Pre-application deadline March 31, 2022, and full application due May 31, 2022. Canadian-LMIC teams must include at least two independent researchers as principal applicants, one registered at a LMIC institution and one at an eligible Canadian institution. For teams involving disadvantaged populations in Canada, the team must include at least one team member (other than the NPA) from the involved community(ies).

Team Grant: Indigenous Healthy Life Trajectories Initiative Cohort Research Study. Application deadline June 8, 2022. Funds available: $14,100,000, enough to fund one Research Study and one Collaborating Centre.

Mental health in the early years implementation science team grants. Application deadline: June 23, 2022. Research Goal: To fund implementation science research that enhances our understanding of how to improve the systematic and equitable implementation of evidence-based interventions for young children (ages 0-5) by: promotion of positive socio-emotional development and mental health in early childhood; prevention of early childhood mental health issues; treatment of young children living with or at risk of developing mental health issues through integrated, coordinated and person-oriented care. Funds available: $6,250,000, enough to fund approximately five grants. Maximum per grant is $250,000 per year for up to five years, for a total of $1,250,000 per grant.

Use your Research Office. We are here to support you. Please let us know when you are beginning the grant process – we are happy to assist with developing budgets and
Reminder – these competitions are still open

*Canadian Opportunities*

The [National Association of Neonatal Nurses](https://www.nationallcn.org/) Small Grants Program **application deadline is March 18, 2022.** Funds available: up to $5,000.

[AGEWELL AgeTech Implementation response program](https://www.agewell.cn.ca/) request for proposals. **Application deadline March 18, 2022.** Funds available: $50,000 over 12 months. Program focuses on implementation of innovative evidence-based AgeTech solution. Applies to knowledge mobilization or implementation or commercialization or implementation.

[Lymphoma Canada](https://www.lymphoma.ca/) is accepting applications for 2022 research funding. **Application deadline is March 31, 2022.** Areas of interest include patient-reported outcomes; comparative clinical effectiveness; pharmacoeconomics or health care utilization. Funds available: maximum $25,000.

[The Canadian Research Data Centre Network Emerging Scholars Grant](https://www.rdc-ncf.ca/) accepts applications until March 31, 2022. The competition is open to PhD students who are conducting research in one of the 30 RDCs or branches at Canadian universities. Value: $1,000.

[The Molly Towell Perinatal Research Foundation](https://www.mollytowell.org/) 2022 Fellowship **competition deadline is April 1, 2022.** This award funds graduate and undergraduate fellowships. Funds available: $30,000 per year for up to two years.

[The SickKids New Investigator Grants in Child and Youth Health](https://www.sickkids.ca/) **Application deadline: April 20, 2022, 5 pm EST.** Note, CIHR and SickKids are extending eligibility for early career research status for an extra year (ECR can be up to 84 months). Funds available: $300,000 ($100,000 per year for up to three years) to support research in biomedical, clinical, health systems and services, population and public health sectors.

[New Frontiers in Research Fund (NFRF) Special Call: Research for Post-Pandemic Recovery](https://nfrf-nsfr.gc.ca/) **Notice of intent deadline is April 26, 2022, with full application due August 9, 2022.** Important: U of T Researchers must submit their MRA for the NOI by April 19, 2022, and the internal deadline for the full application is August 2, 2022. The purpose of the Special Call is to mobilize Canadian-led research efforts in support of a more equitable, sustainable, and resilient post-pandemic reality. Projects must directly address one more of the research priorities of the [UN Research Roadmap for the COVID-19 Recovery](https://www.un.org/en/2030schedule/). This competition will support two-year grants of up to $500K (including indirect costs), with a total funding commitment of $24 million. An information session was held on March 1, 2022; the slides and Q&A are available from the research office.
Annual Pat Griffin Research Grants: Application deadline is extended to May 1, 2022. Two grants are available; funding available: up to $15,000. The research should address research priority number seven of the Nursing Education Outcomes of the National Research Priorities for Nursing.

The Canadian Association of Nurses in Oncology funds two research grants, to a maximum of $5,000 each. Submission deadline is May 15, 2022.

The Canadian Association of Critical Care Nurses Research Grant application deadline is June 1, 2022. Award value: $2,500.

International Opportunities

Sigma Nursing Grants now accepting applications for April 1, 2022, include the Association of Nurses in AIDS Care Grant; Hospice and Palliative Nurses Foundation End-of-Life Nursing Care Research Grant; Midwest Nursing Research Society Research Grant, the National Association of Hispanic Nurses Research Grant, and the Southern Nursing Research Society Research Grant. The Emergency Nurses Association Foundation Grant has an April 2, 2022, application deadline. Grant values range from US$2,500 to US$6,000. PhD students: if thinking of applying for any of these grants, please consult with your supervisor and/or the Research Office. You must list your supervisor as the PI.

The National Council of State Boards of Nursing Centre for Regulatory Excellence Grant application deadline is April 1, 2022. Research priorities include impact of legalized marijuana, substance use disorders in nursing, national and international regulatory issues, economic analyses, remediation, and innovations in nursing education. Funds available: up to US$300,000 for projects to be completed in 12-24 months following project start date.

The Sigma Global Nursing Research Grant application deadline is May 1, 2022. One grant of up to US$10,000 is available. PhD students: if thinking of applying for any of these grants, please consult with your supervisor and/or the Research Office. You must list your supervisor as the PI.

The Gerontological Advanced Practice Nurses Association (US) has several awards available, including the GAPNA Foundation research Project Grant (worth US$2,000). Application deadline is May 1, 2022.

The American Society of PeriAnesthesia Nurses research grant competition deadline is June 15, 2022.

CIHR Grant Opportunities

Operating Grant: Healthy cities research initiative: Data analysis using existing databases and cohorts. Application deadline April 12, 2022. Funds available: $600,000 enough to fund approximately six one-year grants
of up to $100,000 each. There are two pools: Healthy Cities Intervention Research General Pool, which will fund approximately four applications; and the Urban Indigenous Health Pool, which will fund approximately two applications.

Catalyst Grant: [HIV/AIDS and STBBI Community-based Research. Application deadline April 24, 2022. The goal of this grant is to provide seed money to support CBR research activities that are a first step towards obtaining funding grants. Funds available: $600,000 enough to fund approximately six grants. Maximum amount per grant is $100,000 per year for up to one year. There are two pools: General pool – up to three grants; Indigenous pool – up to three grants.

Operating Grant: [HIV/AIDS and STBBI community-based research. Application deadline April 24, 2022. Total funds available: $1,800,000, enough to fund approximately four grants. Maximum per grant is $150,000 per year for up to three years, for a total of $450,000 per grant. Of the total, there are two pools: General pool, $900,000, enough for two grants; and Indigenous pool, $900,000, enough for two grants.

Catalyst Grant: [CPHO’s Report 2021: Future of Public Health. Application deadline: May 4, 2022. Goal is to support research on population and public health priorities identified in the Generating knowledge to inform public health systems transformation document. Total funding: $2,000,000, enough to fund approximately 20 grants. Maximum per grant is $100,000 per year for one year. Of this $2,000,000: General Pool: $1,000,000 is available to fund up to ten (10) applications relevant to the general pool. Centre for Research on Pandemic Preparedness and Health Emergencies Pool: $1,000,000 is available to fund up to ten (10) applications relevant to the Centre for Research on Pandemic Preparedness and Health Emergencies (CRPPHE) from the CRPPHE.

Within each pool a minimum of two grants will be reserved for Early Career Researchers who have never previously held a CIHR open operating grant as its Nominated Principal Applicant (NPA).

Research Updates

**CIHR News and Updates**

New CIHR requirements for registration and public disclosure of results from clinical trials.

First progress report on implementation of the strategic plan to strengthen Indigenous research capacity in Canada.

The Collaborative Health Research Projects program is coming to an end. No more competitions will be offered.

Profile your research with CIHR – open to graduate students and independent researchers.

SSHRC Facts and Figures
Upcoming Events

New events and calls for abstracts

The Diabetes Canada/CSEM Professional Conference will be held in Calgary, AB, with virtual components, November 9-12, 2022. Submission deadline for the call for topics is Friday, March 25, 2022. Abstract submission deadline is June 8, 2022 (early bird is May 18, 2022).

The 12th ICN Advanced Practice Nursing conference will be held in Dublin, Ireland, August 21-24, 2022. Abstract submission deadline, for oral presentations, posters, and workshops, is April 7, 2022.

The International Society of Geriatric Oncology’s annual congress will be held in Geneva, Switzerland. Abstract submission deadline is April 29, 2022. There is an additional track this year on COVID survivorship, research methods and other.

The World Conference on Lung Health will be held virtually, November 8-11, 2022. Submission for abstracts, satellite sessions, symposia and post-graduate courses and workshops is now open. Deadline is May 4, 2022. Abstract tracks include clinical research, policies, epidemiology, politics, civil society and human rights.

The International Association for Child and Adolescent Psychiatry and Allied Professions will be held December 5-9, 2022, in Dubai. Abstract submission deadline is May 5, 2022.

The American Heart Association scientific sessions will be held in Chicago, IL, and virtually, November 5-7, 2022. Abstract submission opens April 13, 2022, and closes June 9, 2022.

The American College of Gastroenterology annual meeting will be held virtually and in Charlotte, NC, October 21-26, 2022. Abstract submission deadline is June 20, 2022.

The Canadian Immunization Conference will be held in Ottawa, ON, December 6-8, 2022. Abstract submission deadline for posters, symposia and workshops is July 14, 2022.

Calls for Meeting Abstracts Still Open

The European Society of Cardiology Congress will be held in Barcelona, Spain, and virtually, August 26-29, 2022. Abstract submission deadline is March 20, 2022.
The Association of Rehabilitation Nurses Rehabilitation Nursing Conference will be held September 20-23, 2022, in San Diego, CA or virtually. **Deadline** to submit paper, case study or poster session proposals is **March 21, 2022**.

The 25th Nursing Annual Philosophy Conference will be held August 17-19, 2022, in Irvine, CA. **Abstract submission deadline is March 30, 2022.** The theme is “What ahs philosophy ever done for nursing anyway?”

The International Nurses Society on Addictions annual conference will be held in Calgary, AB, October 26-29, 2022. **Abstract submission deadline is March 30, 2022.** The theme is “Path to the new normal: Global directions in addictions nursing”.

Preventing Overdiagnosis 2022 will be held in Calgary, AB, June 9-12, 2022. **Abstract submission deadline is March 31, 2022.** The overall theme is “Evidence, Equity, and Post-Pandemic Health Care”. Cross-cutting themes include equity and equality; sustainability and lessons learned from COVID-19; medicalizing citizens (screening, disease thresholds, industry influence, media); and clinical practice.

The Canadian Association of Critical Care Nurses Dynamics of Critical Care conference 2022 will be held in Windsor, ON, September 19-21, 2022. **Abstract submission deadline is March 31, 2022.**

The 51st Child Neurology Society Annual Meeting will be held October 12-15, 2022, in Cincinnati, OH. The abstract submission deadline is **April 1, 2022**.

The 9th Congress of the European Academy of Paediatric Societies will be held in Spain, October 7-11, 2022. **Abstract submission deadline is April 6, 2022.**

The International Liver Cancer Association Conference will be held September 1-4, 2022, in Madrid, Spain. **Abstract submission deadline is April 11, 2022.**

The 14th World Stroke Congress will be held October 26-29, 2022, in Singapore. **Abstract submission deadline is April 13, 2022.**

The European Society of Intensive Care Medicine annual conference, LIVES, will be held in Paris, France, October 22-26, 2022. **Abstract submission deadline is April 14, 2022.**

The Canadian Association on Gerontology’s annual conference will be held October 20-22, 2022, in Regina, SK. **Abstract submission deadline is April 15, 2022.** Student travel grants are available, and there is a student poster competition.
The 48th Annual Conference of the Transcultural Nursing Society will be held in Louisville KY, November 2-5, 2022. **Abstract submission deadline is April 15, 2022.** The theme is transformative culture care.

The Seventh Global Symposium on Health Systems Research, Health Systems Global, will be held in Bogota, Colombia, October 31 – November 4, 2022. **Abstract submission for individual abstracts is April 15, 2022.** The theme is “Health systems performance in the political agenda: Sharing lessons for current and future global challenges.”

The Association of Nurses in AIDS Care annual conference will be held in Tampa, FL, November 17-19, 2022. **Abstract submission deadline is April 18, 2022.**

The North American Menopause Society annual meeting will be held October 12-15, 2022, in Atlanta, GA. **Abstract submission (oral and poster) deadline is April 30, 2022.**

The European Public Health Conference will be held in Berlin, Germany, November 9-12, 2022. The theme is “Strengthening health systems: Improving population health and being prepared for the unexpected”. **Abstract submission closes May 1, 2022.**

The International Society for Pediatric and Adolescent Diabetes annual congress will be held in Dubai, United Arab Emirates, October 13-16, 2022. **Abstract submission deadline is May 2, 2022.**

The European Society of Medical Oncology’s Annual Conference will be held in Paris, France, September 9-13, 2022. **Abstract submission deadline is May 3, 2022.** Abstract topics include palliative care, psycho-oncology, cancer nursing and more.

The International Gynecological Cancer Society annual conference will be held in New York, NY, September 29-October 1, 2022. **Abstract submission deadline is May 9, 2022.** Topics include breast cancer, ovarian cancer, survivorship, and nursing and healthcare.

### Requests for Manuscripts

#### New Calls for Manuscripts

The Journal of Applied Gerontology (Sage, IF 3.200) is calling for papers for a special issue on “The home care workforce caring for older adults”. **Submission deadline is April 30, 2022.**

The Journal for Nurse Practitioners (IF 0.767) has issued three calls for papers. Call for papers on **Policy: Local to Global.** **Manuscript submission deadline is May 1, 2022.**

Call for papers: **Aging and Health.** **Manuscript submission deadline June 1, 2022.**

Call for papers on **Endocrine Conditions.** **Manuscript submission deadline is August 1, 2022.**
FIGO® The International Journal of Gynecology and Obstetrics (Wiley, IF 3.561) is calling for papers for a special issue on vaccinations and women’s reproductive health. **Manuscript submission deadline is May 16, 2022.**

Australian Critical Care (Elsevier, IF 2.737) is calling for papers for a special issue on “Critical care workforce: Developing, supporting and forecasting our future”. **Manuscript submission deadline is June 1, 2022.**

Public Health Elsevier, IF 2.477) is calling for submissions for two special issues. For the first, on Health Inequalities, editors are interested in studies investigating impacts on socioeconomic inequalities in health and inequalities between other social groups. **Submission deadline is June 30, 2022.** The second special issue is on Public Health Emergencies. Editors are interested in a very wide range of topics, with original research and reviews. **Submission deadline is September 30, 2022.**

The Journal of Nursing Scholarship (Wiley, IF 3.176) is calling for papers for two special issues. Gender Diversity and Health has a **due date of September 15, 2022**, and Substance Use Disorders and Related Conditions has a **due date of August 1, 2022.**
