Grant and Award Opportunities

Remember – always check grant information carefully

New Canadian Opportunities

Pre-announcement: The Canadian Cancer Society is launching [CCS Breakthrough Team Grants](#): Transforming Low Survival Cancers. Launch in May 2022, with letter of intent deadline in June 2022, and full application in October 2022.

**CANSSI Ontario** offers grants of up to $5,000 to cover costs associated with accessing and working with large data sources. CANSSI also offers two grants of up to $10,000 each to support projects using ICES data. Applications are accepted on a rolling basis until two grants have been funded in a given academic year. Trainees or faculty members at Ontario-based universities are eligible to apply. Each proposal must include two faculty members from different academic units (at least one from a stats/biostats department). CANSSI also offers funds ($500-$1,000) to support Ontario workshop/lecture programs in emerging areas of statistical and data sciences.

**Brain Canada, the Canadian Stroke Consortium** and Heart and Stroke Canada have launched the 2022 Stoke Clinical Research Catalyst Grant Program. Registration deadline is May 31, 2022. This opportunity will provide seed funding to develop new lines of research and generate preliminary data.

**AGEWELL** graduate student and postdoctoral awards application deadline is May 31, 2022. Note: Matching funds may be required. These include: the AGE-Well graduate student and postdoctoral awards, valued at $10,000 - $20,000; the Michael F. Harcourt Policy Fellowship (doctoral students and PDFs), valued at $20,000; the Indigenous Graduate Student and Postdoctoral Awards, valued at $15,000-$25,000 (doctoral students and PDFs).

**GIPPEC** The Global Institute of Psychosocial, Palliative and End of Life Care (GIPPEC) Collaboration grant deadline is May 31, 2022. Three awards of up to $20,000 will be offered in Clinical Innovations in Palliative Care and Palliative Care and Public Health. Applicants who are trainees or who are new investigators (less than 10 years since first academic appointment) will be prioritized. UofT nursing doctoral students intending to apply should discuss with their supervisor and ensure their supervisor is listed as a co-principal investigator.

The [EPIC-AT Health Research Training platform fellowship program](#) is now open. This opportunity will train the next generation of leaders in digital health solutions for seniors with complex health needs. Application deadline is June 13, 2022. Eligible applicants include Master’s PhD and Postdoctoral Fellows (anticipating 20 awards at a minimum of $8,000 each), three early career research fellowships (minimum $10,000), and minimum two fellowships to self-identified Indigenous trainees or early career researchers.
The Dorothy Killam Fellowship application deadline is June 15, 2022. It is open to early and mid-career researchers. Value: $80,000 per year for up to two years. Information for UofT applicants is on the RSO funding site. For UofT applicants, MRA deadline is June 10, 2022.

The Manchester-Melbourne-Toronto (MMT) Research Fund open to researchers from any of the three institutions. Submission deadline is June 16, 2022. Full information for UofT researchers can be found on the UofT Funding opportunities website (UTORID log in required). Funds available: $11,000 to encourage and support development of high quality research activities including early career researchers.

The New Frontiers in Research Fund 2022 Exploration competition has launched. Notice of intent deadline is June 28, 2022, with full application due September 13, 2022. UofT researchers must submit an MRA by June 21, 2022, and their full NOI by June 27, 2022. For the full application, the internal deadline is September 6, 2022. Value: up to $125,000 (including direct costs) per year for up to two years. A minimum of 100 awards will be made and early career researchers will receive a proportionate number. NOI Webinar (English): May 27, 2022, 1 -3 pm Eastern; Full application July 19, 1 -3 pm Eastern.

Mitacs Elevate postdoctoral fellowship competition has launched. Applications should address at least one key priority area (agricultural and food, artificial intelligence, biomanufacturing, clean tech, social innovation). Application deadline is July 6, 2022; UofT applicants must submit an organizational eligibility check by June 10, 2022, and full application by June 29, 2022. Full details on the UofT Research Funding Opportunities site (UTORID log in required).

The 2022 ALS Canada – Brain Canada Discovery Grant Program application deadline is July 5, 2022. The funds will support research on causes or treatments as well as research to maximize function, minimize disability and optimise quality of life through symptom management and family support. Stream 1: novel ideas, value: $125,000; Stream 2: more ambitious projects, value: up to $300,000.

The U of T Data Sciences Institutes Catalyst Grants letter of intent deadline is July 15, 2022, with full application (invitation only) due on due November 4, 2022. Funds available: UP to $100,000 for a grant duration of 1 to 2 years. Focus of grant; Development of data science methodology and/or its innovative application.

The next SSHRC Connection grant deadline is August 1, 2022 (UofT Researchers must submit by July 25, 2022). This grant requires 50% matching funds. UofT Researchers with an international component are eligible to apply for internal funding of up to $5,000. Deadline for internal funding application is July 8, 2022. Details can be found on the internal funding site (UTORID login required).
Students: Applying for research funding? Contact the Research Office to get information and approval on proposals and ethics ahead of deadlines, and check with your supervisor! Email: research.nursing@utoronto.ca

New International Opportunities

Pfizer Pfizer Global Medical Grants has released a request for proposals for research on equity in access to cancer cachexia clinical trials. Application deadline is June 30, 2022. Funds available: up to $100,000 per project. Pfizer anticipates funding approximately six grants.

Sigma Sigma Research Grants with a July 1, 2022, application deadline are the Doris Bloch Research Award; Joan K. Stout Research Grant; and the American Nurses Credentialing Center Evidence-based Practice Implementation Grant. The Sigma/Association of perioperative registered Nurses (AORN) grant has a deadline of August 31, 2022. Please review eligibility carefully; PhD students should speak to their supervisor and ensure their supervisor is listed as a co-principal investigator on the grant.

Davis Phinney The Davis Phinney Foundation (US) Parkinson’s Disease quality of life grant competition letter of intent deadline is July 15, 2022. Full applications (by invitation) due by October 14, 2022.

PCORI Pre-launch announcement: PCORI is launching its phased large awards for comparative effectiveness research – cycle 3, 2022, on September 7, 2022. An applicant town hall will be held September 12, 2022. Letter of intent deadline is October 4, 2022, with full application due January 10, 2023. The opportunity is for applications for high-quality comparative clinical effectiveness research projects, either individual-level or cluster randomized controlled trials.

ALSF Alex’s Lemonade Stand Foundation Young Investigator Grant competition deadline is December 12, 2022. Funds available: US$50,000 per year for up to three years.

NIH Funding

- Cancer Prevention and Control Clinical Trials Grant Program (R01 Clinical Trial Required); expires January 8, 2024; NCI; PAR-21-035 (R01)
- NIMH (National Institute of Mental Health) Exploratory/Developmental Research Grant (R21 Clinical Trial Not Allowed); PA-21-235; expiry date: May 8, 2024
- NICHD (National Institute of Child Health and Human Development) Small Research Grant Program (R03 Basic Experimental Studies with Humans Required); PA-21-231; expires May 8, 2024.
- NICHD Small Research Grant Program (R03 Clinical Trial Required); PA-21-221; expires May 8, 2024.
- Innovative mental health services research not involving clinical trials (R01, clinical trials not allowed); PAR-21-316; LOI due 30 days before application due date; check notice for all application dates. Expiry September 8, 2024.
- Dementia care and caregiver support intervention research (RO1, clinical trial required); PAR-21-307; LOI due 30 days before application due date; check notice for all application dates. Expiry February 14, 2024.
- Pragmatic trials for dementia care and caregiver support (R61/R33 – clinical trial required); PAR-21-308; LOI due 30 days before application due date; check notice for all application dates. Expiry February 14, 2024.
- Research on Biopsychosocial Factors of Social Connectedness and Isolation on Health, Wellbeing, Illness, and Recovery (PAR-21-352: R01 Clinical Trial Required, Expires September 8, 2024); (PAR-21-350: R01 Clinical Trials Not Allowed, Expires June 22, 2024); (PAR-21-349: R01 Basic Experimental Studies with Humans Required, Expires June 22, 2024), NCI, NINR, NIA.
- Pilot studies for the spectrum of Alzheimer’s Disease/Alzheimer’s Disease-related dementias and age-related cognitive decline, R61, Clinical Trial optional (PAR-21-360). NIH and NIA. Expires January 8, 2025.
- Early and late stage clinical trials for the spectrum of Alzheimer’s disease/Alzheimer’s related Dementias, and age-related cognitive decline, R01 Clinical Trial optional) (PAR-21-359). NIH and NIA. Expires January 8, 2025.
- Research on current topics in Alzheimer’s disease and its related dementias, R21 Clinical Trial Optional (PA R22-094) and R01 Clinical Trial Optional (PA R-22-093). NIH and NIA. Expires November 13, 2024.
- Notice of Special Interest: Validation of Digital Health and Artificial Intelligence tools for Improved Assessment in Epidemiological, Clinical and Intervention Research. This special notice applies to several NIH Programs, including those sponsored by the National Institute of Nursing Research: e.g., PA-20-185; PA-20-183; PA-20-200 and more. This opportunity expires March 09, 2024.
- NINDS (National Institute of Neurological Disorders and Stroke) Exploratory Clinical Trials (Clinical Trial Required). PAR-22-142. Letter of intent required; expiry March 11, 2025.
- Research opportunities in established cancer epidemiology cohort studies (U01; Clinical trial not allowed). PAR-22-162; Expiry March 1, 2025.
- Cancer epidemiology cohorts: Building the next generation of research cohorts (U01 Clinical trial not allowed): PAR-22-161. LOI optional; expiry March 1, 2025.

Expanding social connectedness and ameliorating loneliness to prevent and treat SUD and support recovery. RFA-DA-23-009 (R21) and RFA-DA-23-010 (R34). For both: LOI due July 15, 2022, and full application due August 15, 2022.
- Development of innovative informatics methods and algorithms for cancer research and management (R21 clinical trial optional); RFA-CA-22-021. LOI required. Expiry November 18, 2022 (two rounds of application for new submissions).
- Early-stage development of informatics technologies for cancer research and management (U01 Clinical trial optional); RFA-CA-22-022. LOI required. Expiry November 18, 2022 (two rounds of application for new submissions).
- Advanced development of informatics technologies for cancer research and management (U24 clinical trial optional). RFA-CA-22-023; LOI required. Expiry November 18, 2022 (two rounds of application for new submissions).
- Sustained support for informatics technologies for cancer research and management (U24 clinical trial optional). RFA-CA-22-024; LOI required. Expiry November 18, 2022 (two rounds of application for new submissions).

New
- Expanding prevention strategies for mental disorders in mobile populations in humanitarian crises (R34, Clinical Trial Optional); RFA-MH-22-180, expires October 26, 2022; LOI due 30 days before application due date.
- Dissemination and implementation research in health (R01 – PAR-22-105; R21 – PAR-22-109; and R03– PAR-22-106). LOI required; Expires May 2025.
- NIDCR Small research grants for oral health data analysis and statistical methodology development (R03 – PAR-22-160). Expires May 2025.
Many more opportunities are available in the NIH database. Important: for researchers thinking of applying to the NIH, NIH strongly encourages PIs to contact program officers directly. Program Officers give valuable information and assistance to applicants. They will also help rejected applicants understand the weaknesses of an application.

Standard application deadlines apply. Please check NIH funding applications carefully re: submission deadlines. U of T Researchers must meet internal deadlines; please check with research office before beginning an application.

New CIHR Opportunities

CIHR will be hosting Information Sessions for trainees on awards in Health Research (e.g., Canada Graduate Scholarship Doctoral Award and Fellowship). These are designed to assist participants with the different awards funding opportunities requirements and answer questions on how to apply.

**English Sessions: Duration:** 60 minutes
**When:** Tuesday, June 14, 2022 at 1:00 PM ET | [Join]
**When:** Thursday, June 16, 2022 at 10:00 AM ET | [Join]

**French Sessions: Duration:** 60 minutes
**When:** Wednesday, June 15, 2022 at 10:00 AM ET | [Join]
**When:** Thursday, June 16, 2022 at 1:00 PM ET | [Join]

Training Grant: Patient-Oriented Research Training Grant – Health System Stream. **Application Deadline September 8, 2022.** A total of $2.4 million is available, enough to fund up to 12 grants. Maximum per grant is $100,000 for up to two years (total of $200,000 per grant). The aim of the grant is to build capacity for uptake of patient-oriented research by providing non-governmental Canadian health systems or related organizations to embed POR principles, practices and findings within Canadian health care context. Applications should address knowledge mobilization and integration of evidence in health decisions; training and capacity development; and indigenous health research.

Pre-announcement: National Standards for Mental Health Services Catalyst Grant: Towards Pan-Canadian Standards for Children and Youth Mental Health Services. This funding opportunity will support projects focusing on standards or guiding principals in mental health and/or substance use. Total funds: $4,400,000, enough to fund up to 22 one-year grants (maximum per grant is $200,000 for one year). Anticipated timelines: Launch: June 2022; Registration: August 2022; application: September 2022.

Pre-announcement: Policy Research for Health System Transformation. Launching May 18, 2022. **Full application deadline October 4, 2022.** This funding opportunity will support one-year Policy Research for Health System Transformation grants that generate evidence to inform macro-level policies to support high-performing health care and public health systems in Canada with the aim of advancing the Quadruple aim (improved population health outcomes, better patient and provider experience, and increased value) and health equity. Value: $150,000 for one year. Approximately 24 grants will be awarded. Additional funds may be available from external partners, and supplemental funding of $75,000 will support highest overall ranked fundable application to lead the Knowledge Mobilization Synthesis Project.

CIHR will host the following webinar to support participants with the requirements of the funding opportunity “Policy Research for Health System Transformation” and to answer questions on how to apply.
When: Friday, June 10, 2022 at 1:30 PM ET | Join
Duration: 60 minutes
Language: English presentation followed by a period of questions and answers in both official languages, English and French

Pre-announcement: Transforming Health with Integrated Care (THINC) – Implementation Science Teams Grants. Program launch June 2022. Webinar planned for June 17, 2022, at 2-3:30 (Join). Full application deadline November 1, 2022. (Dates subject to change). This funding opportunity is expected to identify evidence-informed actionable solutions; advance the field of implementation science; build capacity; spark collaboration; foster knowledge mobilization and impact. Relevant research areas: health services and policy; rural, remote and northern communities; multi-morbidity; aging in the right place; transforming health and wellbeing for children and youth; gender-affirming health; integrated care models that improve outcomes related to IMHA mandate; genomics in routine care; and interdisciplinary approaches to equitable, diverse and inclusive integrated care. Funds available; $25,250,000, enough to support approximately 12 teams at a maximum of $400,000 per year for up to five years, for a total of $2,000,000 per grant.

Use your Research Office. We are here to support you. Please let us know when you are beginning the grant process – we are happy to assist with developing budgets and providing editorial, financial, content and methodological feedback. Let us know when you succeed! Email: research.nursing@utoronto.ca

Reminder – these competitions are still open

Canadian Opportunities

Pfizer Canada Global Grants in collaboration with Bladder Cancer Canada and Serono have issued a request for proposals for projects that will improve the quality of care of patients with metastatic bladder cancer. Funds available: $100,000 per grant. Application deadline: May 30, 2022.

The Canadian Association of Critical Care Nurses Research Grant application deadline is June 1, 2022. Award value: $2,500.

The Social Sciences and Humanities Research Council June Partnership Engage Grant (PEG) application deadline is June 15, 2022; UofT applicants must submit their MRA by Friday June 10 and their full application by Tuesday June 14. The usual PEG grant has a value of $7,000 to $25,000. SSHRC has announced a special funding opportunity related to this PEG: Residential Schools Joint Initiative. Funds available for this opportunity: $7,000 to $50,000. This unique opportunity will support projects responding to a community’s need for planning, discussions, archival work or storytelling prior to or in addition to excavations or identifications on residential school sites in Canada. Projects can also focus on ground exploration, identification of sites and remains, repatriation of missing children form residential schools or mapping and preservation of these sites, as judged appropriate by the community.
**International Opportunities**

**ASPN** The American Society of PeriAnesthesia Nurses research grant competition deadline is June 15, 2022.

**MNITF** The Mendez National Institute of Transplantation Foundation letter of intent deadline is June 15, 2022, with full application by invitation due November 1, 2022. Funds available: total of $150,000 per grant; grants may be two-year projects. Research focus is on multi-disciplinary research that will improve clinical outcomes in transplantation, empowering patients by providing education on proactively managing their health to improve long-term outcomes, and more.

**CIHR Grant Opportunities**

**Team Grant: Indigenous Healthy Life Trajectories Initiative Cohort Research Study.** Application deadline June 8, 2022. Funds available: $14,100,000, enough to fund one Research Study and one Collaborating Centre.

**Mental health in the early years implementation science team grants.** Application deadline: June 23, 2022. Research Goal: To fund implementation science research that enhances our understanding of how to improve the systematic and equitable implementation of evidence-based interventions for young children (ages 0-5) by: promotion of positive socio-emotional development and mental health in early childhood; prevention of early childhood mental health issues; treatment of young children living with or at risk of developing mental health issues through integrated, coordinated and person-oriented care. Funds available: $6,250,000, enough to fund approximately five grants. Maximum per grant is $250,000 per year for up to five years, for a total of $1,250,000 per grant.

The 2022-2023 Banting Postdoctoral Fellowship application deadline is September 9, 2022. UofT applicants will need to meet internal deadlines. The award is worth $70,000 per year for two years. More detailed information can be found at the Banting website. It is open to Canadian citizens, permanent residents of Canada and foreign citizens.

**Research Updates**

**CIHR News and Updates**

The Tri-Agency Interdisciplinary Peer Review Committee has been extended for another year; this applies to SSHRC Insight Grants; CIHR Fall 2022 and Spring 2023 Project Grant; and NSERC Discovery Horizons.

**University of Toronto Updates**

The Office of the Vice President, Research and Innovation has released the annual research & innovation report.

**Other News and updates**

The National Institute of Nursing Research at the National Institutes of Health has released its 2022-2026 Strategic Plan.

NSERC has released revised guidelines on assessment of contributions to research, training and mentoring.
The Royal Society of Canada has released Investing in Canada’s Nursing Workforce Post-Pandemic: A Call to Action.

Upcoming Events

New events and calls for abstracts

The University of Toronto’s Temerty Faculty of Medicine Grant Writing Workshop will be held June 15, 2022, 9 am – 11:30 am. Registration required: Register here: https://public.eve.utoronto.ca/events/2479. (UTORID log in may be required).

The Art and Science of Health Promotion Conference will be held March 27-31, 2023, in Colorado Springs, CO. The call for proposals will open in May 2022.

ASPAN The American Society of PeriAnesthesia Nurses is calling for speaker proposals for their 42nd national conference. Submission deadline is June 1, 2022. The conference will be held April 27-30, 2023, in Denver, CO.

The National Association of Pediatric Nurse Practitioners 44th National Conference on Pediatric Health Care will be held in Orlando, FL, March 15-18, 2023. Abstract submission deadline for concurrent presentations is June 2, 2022.

The Transcultural Nursing Society has extended its abstract submission deadline to June 5, 2022. The meeting will be held in Louisville, KY, November 2-5, 2022.

The 14th annual Conference on Health Policy Statistics, organized by the American Statistical Association, will be held January 9-11, 2023, in Scottsdale, AZ. The theme is “Upgrading the pipeline from health data to health policy.” Roundtable and poster online abstract submission deadline is June 30, 2022.

ESMO The ESMO Asia Cancer Congress will be held in Singapore, December 2-4, 2022. Abstract submission deadline is July 12, 2022. Abstract categories include breast cancer, haematological malignancies, palliative care, supportive care, and more.

The Canadian Health Workforce Virtual Conference 2022 will be held December 6-8, 2022. Abstract submission deadline is August 1, 2022.
**Canadian Gerontological Nursing Association** 22nd biennial conference will be held in Niagara Falls, ON, April 20-22, 2023. **Abstract submission deadline is September 30, 2022.**

**Calls for Meeting Abstracts Still Open**

**Deadline Extended:** International Association for Child and Adolescent Psychiatry and Allied Professions (December 5-9, 2022, Dubai), has extended the **deadline for presentations to May 31, 2022.**

**Diabetes Canada’s** annual conference will be held in Calgary, AB, with some virtual components. Date: November 9-12, 2022. **Abstract submission deadline is June 8, 2022.**

The **American Heart Association** scientific sessions will be held in Chicago, IL, and virtually, November 5-7, 2022. **Abstract submission closes June 9, 2022.**

The **Health Literacy Annual Research Conference** will be held virtually, October 24-25, 2022. **Abstract submission deadline for oral and poster presentations, special interest groups and workshop proposals is June 10, 2022.**

The **Academy of Neonatal Nursing** Fall 2022 National Neonatal, Advanced Practice, & Mother Baby Nurses Conferences will be held in Palm Springs, FL, September 7-10, 2022. **Abstract submission deadline is June 15, 2022.**

The **American College of Gastroenterology** annual meeting will be held virtually and in Charlotte, NC, October 21-26, 2022. **Abstract submission deadline is June 20, 2022.**

The **Canadian Immunization Conference** will be held in Ottawa, ON, December 6-8, 2022. **Abstract submission deadline for posters, symposia and workshops is July 14, 2022.**

**Requests for Manuscripts**

**New Calls for Manuscripts**

**Bioethics** (Wiley, IF 1.898) is calling for papers for a special issue on reproductive technologies and family ties. **Submission deadline is September 30, 2022.**

The International Journal for Equity in Health (BMC, IF 3.805) is calling for papers for a new collection on Equity in Precision Medicine, which will focus on genetic and epigenetic testing. **Full papers are due October 21, 2022;** authors are encouraged to contact the editors with proposals ahead of this date (Angeline Ferdinand, a.ferdinand@unimelb.edu.au and Evie Kendal, ekendal@swin.edu.au).
Journal of Human Lactation (Sage, IF 2.219) is calling for papers for a special issue on Human Milk as a Biological System. Manuscripts are due November 1, 2022.

The Journal of Nursing Management (Wiley, IF 3.325) is calling for papers on Midwifery Care. Manuscripts are due November 30, 2022.

**Continuing Calls for Manuscripts**

The International Journal of Nursing Studies (Elsevier, IF 5.837) is calling for papers for a special issue on improving care for older people. Manuscript submission deadline is May 31, 2022.

The Journal of Nursing Scholarship (Wiley, IF 3.176) is calling for papers for a special issue on COVID-19 pandemic lessons for future policy: What have we learnt? Submission deadline is May 31, 2022.

Australian Critical Care (Elsevier, IF 2.737) is calling for papers for a special issue on “Critical care workforce: Developing, supporting and forecasting our future”. Manuscript submission deadline is June 1, 2022.

The Journal for Nurse Practitioners (IF 0.767) has issued two calls for papers. Call for papers: Aging and Health. Manuscript submission deadline June 1, 2022. Call for papers on Endocrine Conditions. Manuscript submission deadline is August 1, 2022.

The Journal of Family Nursing (Sage, IF 3.818) is calling for submissions for a special issue on multidisciplinary health-related family synthesis research. Submission deadline is June 15, 2022. Send inquiries to guest co-editors Kathleen Knaf (kknaf@email.unc.edu) and Dr. Veronica Swallow (v.swallow@shu.ac.uk).

Public Health Elsevier, IF 2.477) is calling for submissions for two special issues. For the first, on Health Inequalities, editors are interested in studies investigating impacts on socioeconomic inequalities in health and inequalities between other social groups. Submission deadline is June 30, 2022. The second special issue is
on Public Health Emergencies. Editors are interested in a very wide range of topics, with original research and reviews. **Submission deadline is September 30, 2022.**

**Nursing in Critical Care** Nursing in Critical Care (Wiley, IF 2.325) is calling for papers for a special issue on rehabilitation in and after critical care. **Manuscript submission deadline is July 1, 2022.**

The Journal of Advanced Nursing (Wiley, 3.187) is calling for papers for a special issue on Social Determinants of Health and Health Outcomes. **Submission deadline is July 1, 2022.** Topics of interest include expanding the understanding of complex interactions between SDO and Health Outcomes and impact among marginalized populations, papers on marginalized populations that reside in urban or rural settings, culturally responsive, innovative and cutting-edge research methodologies, and more.

**Journal of Nursing Management** The Journal of Nursing Management (Wiley, IF 3.325) is calling for paper that showcase the United Nations Sustainable Development Goals and Public Health. **Manuscript submission deadline is July 31, 2022.**

**Journal of Pediatric Health Care** The Journal of Pediatric Health Care (Elsevier, IF 1.812) is calling for papers for a special issue on the effects of the COVID-19 pandemic for children and youth with special health care needs. **Submission deadline is August 1, 2022.**

**Journal of Nursing Scholarship** The Journal of Nursing Scholarship (Sigma, IF 3.176) is calling for papers for a special issue on Substance use disorder and related conditions. **Submissions due August 1, 2022.** The journal is also calling for papers for a special issue on Gender Diversity and Health. **Submissions due September 15, 2022.**

**Journal of Urban Health** The Journal of Urban Health (Springer, IF 3.671) is calling for papers for a special issue on Reducing Poverty and its Consequences. **Submission deadline is September 1, 2022.**

Women and Birth (Elsevier, IF 3.172) is calling for a special issue on midwifery education: innovation and implementation to support our future profession. **Submission deadline is September 1, 2022.** Topics of interest include innovative approaches to midwifery education, quality improvement projects to evaluate midwifery education, models of care, and more.

Maternal and Child Health Journal (Springer, IF 2.276) and other journals, including the Journal of Urban Health, are calling for papers for a collection of papers on “Reducing Poverty and its Consequences”; **submissions are due September 1, 2022.** Maternal and Child Health Journal is also calling for submissions for “Perinatal Substance use”; deadline is **September 1, 2022.**

**Perspectives in Public Health** Perspectives in Public Health (Sage, IF 4.940) is calling for papers for two special issues. **Manuscript deadline for both is September 23, 2022.** Spatial planning for improved health and wellbeing is interested in papers about neighbourhood design, health and care settings, health implications of climate change and sustainability, and workforce development on planning for health practice. Guest editor is Michael Chang. Recovery outside of mental health services: what can public health contribute? Topics of interest include
studies providing insights into reasons for service avoidance, studies providing insights into experiences of people affected by mental health problems but not being treated by mental health services, and more. Guest editor is Stefan Rennick-Egglestone.

The **Journal of Genetic Counseling** (Wiley, IF 2.537) is calling for papers for a special issue on “Science, Practice and Innovation in Genetic Counseling Education”. **Submission deadline is October 1, 2022.** Topics of interest include building clinical competence, interprofessional education, incorporating diversity, equity and inclusion, and more.

**International Emergency Nursing** (Elsevier, IF 2.142) has two calls for papers open. **Deadline for both is November 1, 2022.** **Data science in the emergency department** is calling for papers on big analytics in emergency care, data-driven process monitoring, decision support systems and more. **Leadership in the Emergency Department** is calling for papers on leadership and culture in emergency care, leadership skill development in emergency care, evidence-based approaches for staff support, reducing burnout and increasing psychological safety, and more.

The **Journal of Nursing Management** (Wiley, IF 3.325) in collaboration with Nursing in Critical Care (Wiley, IF 2.325) are calling for papers for a special issue on “Into the Future: Management and Leadership of Intensive Care Units Globally. Challenges and opportunities”. **Manuscript submission deadline is November 30, 2022.** Topics of interest include workforce issues, staffing, retention, and more.
