The next Social Sciences and Humanities Research Council [Connection Grant](#) application deadline is **November 1, 2022**. [U of T Applicants](#) must submit an MRA by noon, Monday October 24, 2022, and their full application on the SSHRC site by 9 am, Friday, October 28, 2022. The next [Partnership Engage Grant](#) deadline is December 15, 2022. U of T applicants will have an internal deadline to meet, currently December 13, 2022 (to be confirmed).

CONNAUGHT The [Connaught New Researcher Award](#) application deadline is **December 1, 2022**. Approximately to 50 awards of up to \$20,000 will be made.

AMS AMS Healthcare Research competitions open **November 1, 2022**. The [Fellowship](#) in Compassion and Artificial Intelligence is open to early to mid-career researchers. **Key dates:** information webinar December 8, 2022; letter of intent due January 20, 2023; and **full application (by invitation) due April 12, 2023**. Funds available: \$75,000. The Small Grants in Compassion and Artificial Intelligence is valued at \$30,000. Webinar date TBD, and **full application is due April 17, 2023**.

New International Opportunities

Pre-announcement: [8th GACD Funding Call](#): Intent to publish on 30 November 2022. This iteration will fund implementation research that leads to improved understanding of how specific interventions that reduce the risk of NCD onset or progression can be better adapted to different city environments, accounting for unique contexts. Equity is at the core of this call. National funding partners are not finalized yet (CIHR has participated in this competition in the past); more information to follow. Full text and applications to be launched November 30, 2022; most agencies will require a letter of intent, which will be due on March 31, 2023, with full application due May 31, 2023.

[France Canada Research Fund](#) application deadline is **November 18, 2022**. Researchers should check for internal institutional deadlines. The Fund supports collaborative projects involving a French establishment or one of the 21 RCRF member universities in Canada. It is open to all areas of research and awards up to \$15,000 to fund research and student mobility between France and Canada.

The [Aster Guardians Global Nursing Award 2023](#) application deadline is **November 30, 2022**. Ten finalists are selected, there is one winner for \$250,000. Read [Terms and Conditions](#) and [FAQs](#) carefully. Open to all nurses, **including PhD students**, from around the world.

Competitions with no fixed deadline

[NSERC and Mitacs](#) have developed a joint application process for researchers seeking support from both agencies. It is now possible to request support through Mitacs Accelerate internships as part of the full Alliance application. The [Alliance](#) grants system accepts applications at any time – there is no deadline.

NSERC has launched [Alliance International Catalyst and Collaboration Grants](#). **Application deadline: No fixed date.** Catalyst grants are up to \$25,000 for up to one year; and Collaboration Grants are \$100,000 per year for up to three years. These grants support Canadian researchers to work with leading international academic researchers, to establish and grow international research collaborations relevant to Natural Sciences and Engineering disciplines. Overall objectives: initiate development of international collaborations; support participation in international collaborative projects of global importance and benefit to Canada.

NSERC [Alliance Grants](#). **Application deadline: No fixed date.** As of February 2022, Alliance Option 2 is funded 100% by NSERC.

[Mitacs Accelerate](#) accepts applications throughout the year. The competition is open to doctoral students and post-doctoral fellows. Students partner with a supervising professor and a partner organization to develop a research project. Partner funding is required. Funding begins at \$15,000 for 8 months.

The [Mayday Fund](#) offers grants for research into pain. **There is no deadline; grants are reviewed at the next Trustee's meeting.**

Max Bell Foundation [Max Bell Foundation](#) has an ongoing review of grant applications in health and wellness. An LOI is required, and full application is by invitation.

The [Thrasher Foundation](#) in the US supports children's medical research; there is no fixed deadline, although decisions are made twice a year, in March and September. International applicants are welcome.

The [R. Howard Webster Foundation](#) (Canada) offers funding in the broad areas of Arts & Culture, Education, Environment, Medical, and Social Services. There are no specific deadlines, and once submitted, review and decision process may take up to 6 months.

American Association of Nurse Anesthetists [Open Submission Research Grant](#) is to be used for Veterans Administration, Office Based Grants, and the Art Zwering Grant (research or education in wellness, pain management, and peer assistance/substance use disorder).

[CANSSI Ontario](#) offers grants of up to \$5,000 to cover covers associated with accessing and working with large data sources. Canssi also offers two grants of up to \$10,000 each to support projects using ICES data.

Applications are accepted on a rolling basis until two grants have been funded in a given academic year. Trainees or faculty members at Ontario-based universities are eligible to apply. Each proposal must include two faculty members from different academic units (at least one from a stats/biostatistics department). CANSSI also offers funds (\$500-\$1,000) to support Ontario workshop/lecture programs in emerging areas of statistical and data sciences.

The [Rising Tide Foundation](#) funds clinical cancer research. The Foundation accepts letters of intent on a rolling deadline. Successful applicants are invited to submit a full application.

- Schizophrenia and related disorders during mid- to late-life (R01 Clinical Trial Optional; [RFA-MH-22-270](#)). **Letter of intent due 30 days before application due date; application due February 23, 2023.**

Many more opportunities are available in the [NIH database](#). Important: for researchers thinking of applying to the NIH, **NIH strongly encourages PIs to contact program officers directly.** Program Officers give valuable information and assistance to applicants. They will also help rejected applicants understand the weaknesses of an application.

Standard application deadlines apply. Please check NIH funding applications carefully re: submission deadlines. U of T Researchers must meet internal deadlines; please check with research office before beginning an application.

New CIHR Opportunities

Voting deadline for the [2022 IHDYCH Talks Video competition](#) is **November 1, 2022.**

Pre-announcement: Re-formulated [Café Scientifique](#) Program. Anticipated timelines: Launch fall 2022, application deadline Winter 2023. Objectives: disseminate high-quality research evidence; promote mobilization of knowledge to Canadian public, foster engagement between health researchers and knowledge users, encourage Canadians to contribute their views on future research directions. Research areas: general pool; Centre for Research on Pandemic Preparedness and Health Emergencies; Clinical Trials Fund; CIHR Institute of Aging (aging in the right place; technology and aging; longer-living older adults; optimizing the later years); CIHR Institute of Cancer Research; and more.

Pre-announcement – Team Grants: [Intervention trial in inflammation for chronic conditions](#) – evidence to impact. There will be a webinar to support applicants. Funding will support projects that are relevant to a minimum of two of the CIHR institutes collaborating on the opportunity and focus on at least one of three research areas (intervention trials to repurpose or optimize existing solutions for inflammatory conditions, intervention trials to demonstrate safety, efficacy, and/or effectiveness or new solutions, or implementation and scale-up of any type of evidence-based interventions). Funds available: \$8,740,000, sufficient to fund eight letters of intent (max per

LOI is \$20,000 for one year of funding); four team grants (max per year is \$500,000 per year for up to four years, for a total of \$2,000,000 per grant), and one knowledge mobilization hub (\$145,000 per year for up to four years for a total of \$580,000). Timelines: anticipated launch September 2022; LOI deadline November 2022; full application due December 2023.

[Healthy youth catalyst grants](#). **Application deadline November 15, 2022.** The goal is to identify and develop emerging research foci relevant to Canada's Youth Policy, foster networking and collaboration and build capacity for youth engagement in health research. Research Areas: physical health of youth (includes sleep problems, weight, CV health), 2SLGBTQI+ youth, Indigenous (First Nations, Métis, Inuit and/or Urban Indigenous) youth, and adolescent and reproductive health. Funds available: \$1,200,000, enough to fund 12 catalyst grants. The maximum per grant is \$100,000 per year for up to one year.

PhD students: [Summer Program in Aging](#): Longer-living older adults: Multidisciplinary approaches to a growing area of research on aging. **Application deadline is November 24, 2022.** The five-day program will be held in Nova Scotia June 4-9, 2023.

National Women's Health Research Initiative: [Pan-Canadian Women's Health Coalition](#) virtual hubs. The [hubs](#) will work with a national coordinating centre (competition to launch in 2023). Hubs' objectives: mobilize and scale up newly generated and existing knowledge and models of care; maximize research impact; build capacity; engage in community-based priority setting activities and identify future critical areas of research. **Registration deadline December 14, 2022, with full application due February 1, 2023.** Potential applicants are asked to attend the virtual ideas fair and learning circle to October 25-26, 2022: [Agenda and registration](#)

Use your Research Office. We are here to support you. Please let us know when you are beginning the grant process – we are happy to assist with developing budgets and providing editorial, financial, content and methodological feedback. Canadian Opportunities

[U of T and the Centre National de la Recherche Scientifique](#) (France) have launched a joint call for PhD mobility funding proposals. U of T will fund up to CAD \$7,500 per PhD student and CNRS will fund up to €5,000 per student per year for three years. It is open to all disciplines; PIs must be UofT faculty with graduate faculty member status. **Application deadline is November 2, 2022.**

[The Canadian Hemophilia Society/Novo Nordisk Psychosocial Research Program's](#) **application deadline is November 15, 2022.** Funds available: one or two \$20,000 research grants will be offered. The grant is open to professionals/graduate students from the allied health disciplines. PhD students who are interested in applying should check with their supervisor and the research office before beginning an application.

The Social Sciences and Humanities Research Council [Knowledge Synthesis Grant: Shifting Dynamics](#) of Privilege and Marginalization has an **application deadline of December 15, 2022**. This grant awards \$30,000 for one year (**U of T applicants must submit their MRA by noon, Friday, December 9, 2022, and the full application on the SSHRC portal by 9 am, Tuesday, December 13, 2022.**). Themes for this grant are uncertain, divided world; identities, privileges and opportunities; accessibility (relates to health and technology); sense making; and life sciences and genomics.

SSHRC's [Partnership Development Grant](#) is now open for applications. **Submission deadline is November 15, 2022**. Funds available: \$75,000 to \$200,000 for one to three years. Funds can support knowledge mobilization as well as test new partnership approaches for research. **UofT applicants must submit their MRA by Monday, November 7, 2022, and their full application on-line to the SSHRC Portal by noon on Thursday, November 10, 2022**. UofT applicants interested in receiving editorial review (full details on [research services](#) UTORID log in required) must submit their application by email by Monday, October 17, 2022.

International Opportunities
