

Requisition Title: Assistant Professor (Teaching Stream), MN Nurse Practitioner and BScN Programs

Description

The Lawrence S. Bloomberg Faculty of Nursing at the University of Toronto invites applications for two (2) part-time positions (0.6FTE) at the rank of Assistant Professor, Teaching Stream in the field of Nursing to begin on September 1, 2023 for an initial contract of two years.

The Position

The Faculty seeks applications from individuals with demonstrated excellence in teaching in a range of classroom, online, and practice settings, including lecture preparation and delivery and curriculum development in undergraduate and graduate programs, and demonstrated expertise in community, mental health, general medical- surgical or critical pedagogy in nursing education. Applicants with recent clinical nursing practice experience, including as a nurse practitioner in adult or primary health care, are strongly encouraged to apply. Candidates must have experience working with, teaching, or mentoring/supervising diverse groups or diverse students along with the ability to contribute to fostering diversity on campus, and within the curriculum or nursing profession, demonstrated through the application materials. We seek candidates whose teaching interests complement and strengthen our existing strengths <https://bloomberg.nursing.utoronto.ca/about/>. Candidates must also have demonstrated excellence in teaching-related scholarly activities.

Candidates will hold at least a Masters degree in nursing and a doctoral degree in nursing or a related discipline. All applicants must be eligible for registration with the College of Nurses of Ontario. Evidence of excellence in teaching should be demonstrable in a teaching dossier that includes course outlines, evaluations, and a statement of teaching philosophy. Excellence in scholarship should be evidenced in teaching and related pedagogical/professional activities. Salary will be commensurate with qualifications and experience.

The Setting

Toronto is one of the world's most dynamic and multicultural cities. The population of the Greater Toronto Region is nearly 6 million, making it one of the largest metropolitan regions in North America. Over 150 languages are spoken in the city, and half of the city's population was born outside Canada. It is Canada's number-one tourist destination.

The city is home to a burgeoning research environment. The area boasts the fourth-largest cluster of medical expertise in North America. The downtown "Discovery District," in which the St. George campus of the University of Toronto is situated, contains nine teaching hospitals, numerous scientific research institutes, and MaRS, an innovation centre that brings ideas in science and technology together with business acumen and financing. This intellectual dynamism is evident across all areas of research, education and the arts in the city.

The University

The University of Toronto is the largest and most prestigious research-intensive university in Canada. The 2022 *Times Higher Education World University Rankings* place the University of Toronto at 18th in the world. The historical strengths that have shaped the University's progress and achievements include excellence across a wide array of disciplines, leadership in professional education, pre-eminence in graduate education, three federated universities, and decentralized management with strong decanal leadership. The quality and range of the University's programs—undergraduate, graduate and professional—attract students from all parts of Ontario and Canada, and internationally.

The Lawrence S Bloomberg Faculty of Nursing

The Lawrence S. Bloomberg Faculty of Nursing is consistently ranked in the top 10 in the QS World University Rankings by Subject for Nursing, and is a research-intensive Faculty that embraces the University's tripartite mission of excellence in research, education, and practice. The Bloomberg Faculty of Nursing offers multiple innovative graduate and undergraduate degree programs, drawing on a partnership with one of North America's largest academic health science complexes; the Toronto Academic Health Sciences Network (TAHSN), which incorporates nine multi-site, fully affiliated teaching hospitals, as well as a network of affiliated community hospitals and public health agencies. The Faculty is committed to the mission of international leadership in nursing research and education. Through the leadership and mentorship of outstanding faculty members, the Faculty's graduates excel in professional practice, lead in nursing research and scholarship, and improve health locally and globally.

The Bloomberg Faculty of Nursing offers a 20-month, second entry, Baccalaureate program. In addition, the Faculty offers a highly sought after professional master's program comprising three fields (clinical, health systems leadership and administration and nurse practitioner) and a world-leading doctoral program. Through the TAHSN partnership and our state-of-the-art simulation laboratory, the Faculty provides its students with a strong foundation in all practice settings through first class clinical experiences. The Faculty is committed to excellence and supports an environment of creativity and innovation in pedagogy. The expectation of faculty members in the teaching stream is that they bring a dimension of teaching excellence and educational innovation that enhances undergraduate or graduate education and adds significantly to the quality of the experience of our diverse student population.

All qualified candidates are invited to apply by submitting their application to dean.nursing@utoronto.ca.

Applications should include a cover letter, curriculum vitae, teaching dossier (including a statement of teaching philosophy), and a statement outlining current and future scholarly activities. If you have questions about this position, please contact dean.nursing@utoronto.ca.

Applicants should also provide three reference letters sent directly by the referee to the department via e-mail to dean.nursing@utoronto.ca by May 22, 2023. Review of applications will begin after the closing date of May 22, 2023.

For more information on the Lawrence S. Bloomberg Faculty of Nursing please visit our home page at <http://bloomberg.nursing.utoronto.ca/>.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

Diversity Statement

The University of Toronto embraces Diversity and is building a culture of belonging that increases our capacity to effectively address and serve the interests of our global community. We strongly encourage applications from Indigenous Peoples, Black and racialized persons, women, persons with disabilities, and people of diverse sexual and gender identities. We value applicants who have demonstrated a commitment to equity, diversity and inclusion and recognize that diverse perspectives, experiences, and expertise are essential to strengthening our academic mission.

Accessibility Statement

The University strives to be an equitable and inclusive community, and proactively seeks to increase diversity among its community members. Our values regarding equity and diversity are linked with our unwavering commitment to excellence in the pursuit of our academic mission.

The University is committed to the principles of the Accessibility for Ontarians with Disabilities Act (AODA). As such, we strive to make our recruitment, assessment and selection processes as accessible as possible and provide accommodations as required for applicants with disabilities.
