Research Resources

Reminder: Bloomberg Nursing’s Research Office Research Resources page has information about predatory publishing; reductions in APC fees; EDI resources; free software licenses; and more.

Sign up for the Centre for Research & Innovation Support newsletter for information about training sessions, funding opportunities and other resources, such as the “Spotlight On” series, which includes info on remote data collection and storage, and more.

Check the CRIS Calendar of events, for upcoming events like SSHRC Insight Grant Budget Information Session on August 24, 2023. And if you missed a session, presentations and slide sets of past events are often available on the CRIS website.

Grant and Award Opportunities

Remember – always check grant information carefully

New Canadian Opportunities

The Social Sciences and Humanities Research Council of Canada’s doctoral fellowship and Canada Graduate Scholarship doctoral research award competition is now open to PhD students. Please note that University of Toronto applicants must meet internal deadlines (likely mid to late September) well ahead of the agency’s posted deadline. Fellowship value: $20,000 per year for up to 48 months. Doctoral research award value: $35,000 per year for a maximum of 36 months. PhD students interested in these competitions should check with their supervisor and the departmental financial awards officer or research office (research.nursing@utoronto.ca).

Pfizer’s Global Grants Program has issued a request for proposals to optimize COVID-19 treatment strategies in elderly vulnerable populations in Canada. Application submission deadline is August 23, 2023. Funds available: up to $75,000 per project (total funds available are $225,000). Project length will be a maximum of 18 months.
The Heart and Stroke Canada Research Competitions are open. Grants in Aid deadline is 4 pm August 31, 2023, via the Heart and Stroke portal. Funds available: $100,000 per year for a maximum of three years.

New Investigator award submissions are due by 4 pm on September 7, 2023. The award is a stipend of $60,000 (including employer’s share of benefits) for a maximum of three years. New Women’s Personnel Awards: Doctoral personnel awards for women’s heart and/or brain health; application deadline is 3 pm, September 8, 2023. Value: $15,000 per year for up to three years; host institution must contribute the same amount per year. Postdoctoral personnel awards for women’s heart and/or brain health; application deadline is 3 pm September 8, 2023. The stipend is $30,000 per year for up to two years; the host institution must contribute the same amount.

Cystic Fibrosis Canada’s Research Grant competition and the Early Career Investigator Award have a letter of intent deadline of August 15, 2023, with full application (by invitation) due October 1, 2023. The Research Fellowship award is due October 1, 2023. CF Canada no longer offers travel allowances for fellows and students.

Heart and Stroke congenital heart disease team grants registration deadline is September 15, 2023. Full application is due November 15, 2023. The three priority areas are causes of CHD and early detection, brain health and CHD, and care transitions. Total funds available: $5,250,000 CAD; of this, teams may request $350,000 CAD per year for up to five years.

Multiple Sclerosis Canada’s Catalyst Grant application deadline is October 3, 2023. There are two streams: biomedical and clinical and population health research. Funds available: $50,000 over the maximum term of the grant (2 years).

ENRICH The ENRICHMENT Program Awards (ENRICH: Empowering Next-generation Researchers In Perinatal and Child Health) application deadline is November 1, 2023. ENRICH has awards for postdoctoral and doctoral students, including students who identify as Black or Indigenous.

Students: Applying for research funding? Check with the Research office about your eligibility to hold funds. Contact the Research Office to get information and approval on proposals and ethics ahead of deadlines, and always check with your supervisor! Email: research.nursing@utoronto.ca
**New International Opportunities**

**Sigma Theta Tau International Emergency Nurses Association Foundation Grant** application deadline is August 28, 2023. PhD students: if applying for this, include your supervisor on this grant as a co-applicant and notify the research office of your intention.

**The Alzheimer’s Association** (US) has several research competitions. Letter of intent deadline is September 6, 2023, with invited application due November 8, 2023. These include the research grant, grant to promote diversity, new to the field grants and new to the field – grant to promote diversity. Funds available varies. Check eligibility criteria carefully.

**Trans-Atlantic Platform** The Trans-Atlantic Platform has launched a research funding opportunity on democracy, governance and trust. Notice of intent deadline is September 15, 2023, with full application due November 6, 2023. Themes include education; power, authority and conflict; media, information and communication; and more. More information at the TAP site. University of Toronto applicants will have internal deadlines to meet (TBD). Webinars are planned for August 23, 2023. Applications will be made through the Sao Paulo Research Foundation website.

**The American Association of Nurse Anesthesiology** research grant application deadline is September 30, 2023.

**NIH Funding**

- Innovative mental health services research not involving clinical trials (R01, clinical trials not allowed); PAR-21-316; LOI due 30 days before application due date; check notice for all application dates. Expiry September 8, 2024.
- Dementia care and caregiver support intervention research (RO1, clinical trial required); PAR-21-307; LOI due 30 days before application due date; check notice for all application dates. Expiry February 14, 2024.
- Pragmatic trials for dementia care and caregiver support (R61/R33 – clinical trial required); PAR-21-308; LOI due 30 days before application due date; check notice for all application dates. Expiry February 14, 2024.
- Cancer prevention and control clinical trials planning grant program (R34, PAR-22-173 and PAR-22-174). Letter of intent due 30 days before application date; expires September 8, 2025.
- National Institute of Aging multi-site clinical trial implementation grant (PAR-23-057); expires January 8, 2026.
- Pilot Studies for the Spectrum of Alzheimer’s Disease/Alzheimer’s Disease-Related Dementias and Age-Related Cognitive Decline (R61 Clinical Trial Optional) (PAR-23-083); expires November 19, 2024
- Early and Late Stage Clinical Trials for the Spectrum of Alzheimer’s Disease/Alzheimer’s Related Dementias and Age-Related Cognitive Decline (R01 Clinical Trial Optional); (PAR-23-081); expires January 8, 2025.
- Understanding expectancies in cancer symptom management (R01, clinical trial required). PAR-23-155, no LOI required; multiple due dates between June 15, 2023, and February 5, 2026.
- Leveraging social networks to promote widespread individual behavior change (R34 and R01). Letter of intent due October 3, 2023, with full application due November 2023.
- National Institute of Allergy and Infectious Diseases Clinical Trial Planning Grant (R34); multiple deadlines with application expiring in May 2026. Letter of intent due 30 days before application due date.
Expiring soon

- Notice of special interest: advancing the science of geriatric palliative care; expires September 8, 2023.
- Developing measures to advance access and quality in global mental health services (R34), RFA-MH-23-300. LOI due September 18, 2023, with full application due October 18, 2023.
- Development of Innovative Informatics Methods and Algorithms for Cancer Research and Management (R21 Clinical Trial Optional). (RFA-CA-23-014). Letter of intent due 30 days before application deadline of November 17, 2023.
- Early-Stage Development of Informatics Technologies for Cancer Research and Management (U01 Clinical Trial Optional); (RFA-CA-23-015); Letter of intent due 30 days before application deadline of November 17, 2023.
- Advanced Development of Informatics Technologies for Cancer Research and Management (U24 Clinical Trial Optional) (RFA-CA-23-016); letter of intent due 30 days before application deadline of November 17, 2023.
- Sustained Support for Informatics Technologies for Cancer Research and Management (U24 Clinical Trial Optional); (RFA-CA-23-017); letter of intent due 30 days before application deadline of November 17, 2023.
- Co-infection and Cancer (R21 Clinical Trial Not Allowed); (PAR-213-056); letter of intent due 30 days before application; full deadline: November 17, 2023.
- Co-infection and Cancer (R01 Clinical Trial Not Allowed); (PAR-213-055); Letter of intent due 30 days before application; full deadline: November 17, 2023.
- Cancer prevention, detection, diagnosis, and treatment technologies for global health (U01 Clinical Trial Optional); (RFA-CA-24-005); letter of intent due 30 days before application; one application deadline: October 13, 2023.
- Enhancing use of harmonized cognitive assessment protocol data (R01); letter of intent due September 2, 2023, with full application due October 2, 2023.
- Accelerating behavioral and social science through ontology development and use: Research Network Projects (U01 Clinical trial not allowed) and Dissemination and Coordination Centers (U24). Letter of intent due September 3, 2023, with full application due October 3, 2023.

New

- Social disconnection and suicide risk in late life. PAR-23-239 (R21) and PAR-23-238 (R01). Letter of intent required 30 days before application due date. Expires September 8, 2026.
- Primary care-based screening tool and intervention development for the detection and prevention of abuse and neglect in older and vulnerable adults with, or at risk for, MCI and AD/ADRD. RFA-AG-024 and RFA-AG-24-048. Both have a letter of intent due September 20, 2023, with full application due October 20, 2023.

More opportunities are available in the NIH database. Important: for researchers thinking of applying to the NIH, NIH strongly encourages PIs to contact program officers directly. Program Officers give valuable information and assistance to applicants. They will also help rejected applicants understand the weaknesses of an application.

Standard application deadlines apply. Please check NIH funding applications carefully re: submission deadlines. U of T Researchers must meet internal deadlines; please check with research office before beginning an application.
New CIHR Opportunities

Pre-announcement: **Bringing rare disease gene therapies to clinical trial readiness.** Objectives: increase development of gene therapies for trial in Canada; work with industry and increase capacity to improve readiness of gene therapies for first in human clinical trials. **Program launch: Summer 2023; LOI deadline early fall 2023; full application due winter 2024.** Anticipated funding two grants for four years for a total of $1,137,500 per grant.

Pre-announcement: **Team Grants — Lung Health.** Objectives. This grant focuses on air quality, pollution, smoking, and vaping; objectives are to address biological, social, environmental and/or behavioural effects on lung health, coordinate data collection; disseminate and implement evidence; strengthen and promote research; integrate EDI; strengthen wellness of excluded groups and Indigenous Peoples. Areas of focus: cancer, climate, inflammation, policy, sex and gender, vaping. Funds: $14,500,000, enough to fund up to seven research team grants (subject to partner funding). **Program launch: summer 2023; application deadline winter 2024.**

Pre-announcement: **Evaluation of programs, services and innovative models of care** for people impacted by dementia. The goals are to improve existing programs, services and/or models of care; build capacity in implementation science approaches; build partnerships and collaborations; and foster knowledge mobilization activities. This opportunity will support applications relevant to 1) people with cognitive impairment in aging, including dementia; or 2) care partners of people affected by cognitive impairment in aging, including dementia. Up to 12 teams will be funded (including two in a pool for Indigenous health research and up to two in a pool for historically excluded populations. Funds available: $9.0 million. Maximum per grant is $250,000 per year over three years for a total of $750,000 per grant. **Registration anticipated for November 2023, with application in December 2023.**

The CIHR Canada **Graduate Scholarship Doctoral Research Award** competition is now open for PhD students. **Please note that University of Toronto applicants must meet internal deadlines (likely mid to late September) well ahead of the agency’s posted deadline.** Value: $35,000 per year for up to 36 months. PhD students interested in these competitions should check with their supervisor and the departmental financial awards officer or research office (research.nursing@utoronto.ca). CIHR anticipates funding approximately 250 applicants with an additional 10 awards that will support meritorious Black scholars. **Priority areas:** include bioinformatics and computational biology, Canada Graduate Scholarship to Honor Nelson Mandela; Centre for Research on Pandemic Preparedness and Health Emergencies, HIV/AIDS and/or STBBI. Research in First Nations, Métis and/or Inuit Health; and Sex, gender and intersectionality in health research.

The Project Grant **Reviewer in Training program** application deadline is August 8, 2023. Participants can select one of two roles: Mentee or ECR reviewer in their application.

**Project Grant:** **Registration deadline is August 17, 2023, with full application due September 14, 2023.** U of T Researchers must meet internal deadlines. MRA must be submitted approximately 1 week before the September 14, 2023, full application deadline. The Fall 2023 competition **priority announcement areas** have been released. All Institutes have priority areas; of note: Breast cancer research, cancer research, global health research, patient-oriented research; pediatric cancer research; and more. Results from the March 2023 competition can be found here: [https://cihr-irsc.gc.ca/e/53569.html](https://cihr-irsc.gc.ca/e/53569.html). **Important changes to this competition include** font and formatting, artificial intelligence and grant writing, and more: it is now mandatory that all applications be written using Times New Roman font. As in previous competitions, applications should be written in 12-point black font.

The CIHR Institute of Circulatory and Respiratory Health **Fall Travel Awards** competition is **now open to Master’s**
and PhD students, and postdoctoral fellows. Application deadline is September 1, 2023. Funding available: $75,000, enough to fund about 50 awards to a maximum of $1,500 each. Of this amount, $60,000 is available to fund applications relevant to the general pool and $15,000 to fund applications relevant to the ICRH Vascular 2023 pool. U of T Nursing PhD students: Please contact the research office to ensure you meet all administrative requirements.

Operating Grant: Data analysis using existing database and cohorts (2023). Registration deadline September 7, 2023, with full application due October 3, 2023. The focus is on human development, child and/or youth health; two additional priority areas include Indigenous research in human development, child and youth health; and infection and immunity research in human development, child and youth health.

Catalyst Grant: Health impacts of gambling and gaming. Registration deadline September 26, 2023, with full application due October 10, 2023. The maximum grant is $100,000 for up to one year.

The 2023 IHDCYH (Institute of Human Development, Child and Youth Health) Talks Video Competition is now open. Registration deadline is September 27, 2023, at 4 pm, with submission deadline of October 15, 2023, at 4 pm. Submit a video of 5 minutes or less that presents a message that will have an impact on health of children, youth and families to a lay audience.

The Institute of Nutrition, Metabolism and Diabetes Training and Community Support Grant application deadline is September 29, 2023. This award of $50,000 supports the building of training programs in research domains directly relevant to the Institute’s mandate.

CIHR Fellowship application deadline is October 5, 2023. This competition is open to health professionals (with or without licensure in Canada). Non-Canadian citizens and non permanent residents are eligible to apply as well. Funds available: stipends vary from $40,000 to $50,000. This competition is open to PhD students who are health professionals as well. Check with your supervisor re: eligibility and suitability. Priority areas are aging; First Nations, Inuit and/or Métis health; HIV/AIDS and/or STBBI; pandemic preparedness and health emergencies; the Mach-Gaensslen Foundation – Mental Health, Addictions and Cognitive Health.

Use your Research Office. We are here to support you. Please let us know when you are beginning the grant process – we are happy to assist with developing budgets and providing editorial, financial, content and methodological feedback. Let us know when you succeed! Email: research.nursing@utoronto.ca

Reminder – these competitions are still open

Canadian Opportunities

The Terry Fox Research Institute New Frontiers Program Project Grants (Team Science) Letter of intent deadline is July 10, 2023 (5 pm Pacific). This funding will support a multidisciplinary program that is an aggregation of independently fundable research projects around a common theme. Funds available: new applications can apply for a total budget of up to $2,400,000 over three to five years.
The Data Sciences Institute Data Access Grant application deadline is July 28, 2023. This grant is worth up to $10,000 for up to 8 months. It covers costs associated with accessing and working with large data sources.

The University of Toronto and University College London are supporting collaborative research through a joint proposal. There are two streams: emerging global talents; and strategic challenges. Funds available range from $15,000 to $30,000 for one or two years and £10,000 and £20,000 for one or two years, depending on the stream. Deadline to submit intention to apply: July 31, 2023; proposal submission deadline: August 22, 2023.

The Canadian Research Data Centre Network offers an emerging scholars grant to support PhD students undertaking thesis-related research in a research data centre in Canada. Applications received from December 1 to March 31: grants will be awarded by May 15. Applications received from April 1 to July 31: grants will be awarded by September 15. Applications received from August 1 to November 30: grants will be awarded by January 15.

The Heart & Stroke Foundation, in collaboration with Brain Canada and the CIHR Institute of Circulatory and Respiratory Health has launched the New Personnel Awards for Indigenous Scholars; this program is open to PhD/Doctoral students who self-identify as Indigenous. Competition deadline is September 1, 2023. Funds available: Up to $90,000 (i.e., $30,000 per year for a maximum of three years). Full details in program guidelines. Please note: this competition requires the applicant’s institution to submit a statement of acceptance directly to the Heart & Stroke Foundation (research@heartandstroke.ca). U of T applicants can find information about how to get a Confirmation of Registration form at the SGS website; applicants should allow enough time for this to be processed (can take up to 5 business days).

The SSHRC postdoctoral fellowship competition deadline is September 13, 2023. The value is $45,000 per year. Applicants should check with their institutions as internal deadlines may apply.

SSHRC Partnership Engage Grants; next competitions September 15, 2023, and December 15, 2023. UofT applicants must meet internal deadlines and submit roughly 5 days before sponsor deadline. Connections Grant: Next competitions August 1, 2023, and November 1, 2023; Again, UofT Applicants must meet internal deadlines and submit roughly 5 days before sponsor deadline.

The SSHRC Insight Grant competition application portal is now open. There are two funding streams: $7,000 - $100,000 and $100,001 to $400,000 over 2-5 years. U of T applicants must submit their MRA by noon on September 21, 2023; full application must be submitted on the portal by noon on September 27, 2023.

Open Research Area for the social sciences. This international opportunity involves the Agence nationale de la recherche France, the DFG (Germany, the Economic and Social Research Council of UK Research and Innovation and SSHRC. Proposals may involve any discipline, thematic area or approach eligible for SSHRC funding. If unsure of project relevance, contact ora8@sshrc-crsh.gc.ca. International collaboration from at least 3 of the 4 main participating countries is required. Submissions will be made through the SSHRC Convergence
Portal. Webinars are planned for September – check the upcoming webinars page for date and links: [https://www. sshrc-crsh.gc.ca/funding-financement/webinars-webinaires/index-eng.aspx](https://www.sshrc-crsh.gc.ca/funding-financement/webinars-webinaires/index-eng.aspx). Value: up to $500,000, maximum two to three years and a maximum of $200,000 per year. The social science disciplines covered by the ESRC (UK) include education, demography and more. Application deadline: November 14, 2023. UofT applicants must meet internal MRA of November 6, 2023, and submit full application deadline by November 14, 2023.

**International Opportunities**

The Thrasher Foundation in the US supports children’s medical research *Early Career awards* focus on development of researchers in child health. The competition is open to physicians or postdoctoral researchers. **Concept submission deadline is September 12, 2023.** Maximum funding: $25,000 in direct costs, for up to two years; indirect costs of no more than 7% of direct costs are allowed. Up to $12,500 in total may be used for salary of the new researcher.

**STTI Sigma/Association of perioperative Registered Nurses Grant** application deadline is August 31, 2023. PhD students must contact the research office before applying and include their supervisor as Co-I on the grant.

Researchers with Danish research partners may be interested in the Global Innovation Network Programme 2023 competition. The purpose is to increase research impact with institutional cooperation. The programme prioritizes partners from eligible countries, including Canada (principal applicant must be from a Danish institution). The program supports visiting delegations, workshops, seminars, and conferences. Funds available: DKK 750,000. **Application deadline August 15, 2023.**

The DoD (US) Kidney Cancer, *Nurse-Initiated Research Award* has a **letter of intent deadline of September 15, 2023, with full application due October 6, 2023.**

**CIHR Grant Opportunities**

Catalyst Grant: *Crisis Line and App-based support for public safety*: **Registration deadline August 1, 2023, with full application due November 15, 2023.** Funds available: Maximum amount per grant is $100,000 per year for up to one year for a total of $100,000 per grant. Research Questions should be relevant to at least one of the two research streams supported through the Research and coordination Hubs: RESPond Hub for research in suicide prevention for public safety personnel (CAMH) or PeerOnCall Hub for App-based peer to peer support (McMaster University).

The Banting Postdoctoral Fellowship Program has launched. The **application deadline is September 20, 2023.** The total funds available is $9,800,000, enough to fund approximately 70 awards. The maximum amount per award is $70,000 per year for up to two (2) years for a total of $140,000 per year. Applicants may be required to meet internal institutional deadlines.

Team Grant: *Strengthening the health workforce for system transformation*. This funding opportunity relates to all aspects of the health workforce and all sectors. Specific objectives: produce evidence for solutions; build capacity; spark collaborations; foster knowledge mobilization. Projects must align with one or more of these specific research areas: IHSPR workforce, Indigenous health workforce; pediatrics workforce; public health
workforce; rural and remote workforce; aging workforce; workforce that cares for an aging population; and cancer health workforce. Funds: total amount available: $8,625,000, enough to fund approximately 11 team grants and one ESKM (Evidence Support and Knowledge Mobilization) hub, funded through supplemental funds. Maximum amount: $740,000 for a duration of three years. Maximum for ESKM hub: $375,000 for a duration of three years. **Registration deadline October 5, 2023, with full application due November 9, 2023.**

The CIHR Institute of Nutrition, Metabolism and Diabetes is offering an [Early Career Researcher Partnership Prize](#) (2023-2024). Funding per award: up to $2,500. Approximately six prizes will be funded. **Application deadline: November 1, 2023.** The prize supports early career researcher prizes awarded by partner organizations (voluntary health sector organizations, etc.).

Operating Grant: HCRI – [Data Analysis Using Existing Databases and Cohorts](#). The CIHR Healthy Cities Research Initiative. **Application deadline: November 8, 2023.** Funds available: $700,000, enough o fund approximately seven one-year grants of $100,000 each; five applications to the general pool and two to the Urban Indigenous Health pool will be funded.

**Ongoing until March 5, 2024:** [Patient-Oriented Research Awards – Transition to Leadership Stream – Phase 2](#). Recipients of the POR Transition to Leadership Stream – Phase 1 awards should review application deadlines carefully. CIHR anticipates funding a maximum of 22 awards over this program’s duration. Maximum award is $115,000 per year for up to three or four years depending on the applicant’s Phase 1 status. Partner contributions required to match CIHR contribution at minimum of 1:1 ratio.

---

#### CIHR Updates

[CIHR Policy Guide](#) – Requirements for registration and disclosure of results from clinical trials (update April 2023)

CIHR has launched its [action plan](#) for 2023-2024

The tri-council agencies are reviewing their [open access policy](#) on publications over the coming year. Community members are invited to complete a [short survey](#).

You can now [delegate access](#) to individuals in ResearchNet to support completion of application tasks.

[Proposed clinical trials strategy](#) for Canada update and survey – provide your feedback.

#### University of Toronto Updates

The Office of Indigenous Initiatives has released its [2022 annual report](#).

#### Other Updates

Canadian census of 2021 population data now available: [https://crdcn.ca/census-of-population-2021-now-available-in-rdcs/](https://crdcn.ca/census-of-population-2021-now-available-in-rdcs/)

NIH prohibits the use of generative artificial intelligence technologies for the NIH Peer review process.

#### Upcoming Events

---
New events and calls for abstracts

The Canadian Frailty Network and The CIHR Institute of Aging are hosting the first Geroscience Summit in Toronto, ON, October 26, 2023. The event will be in-person and virtual (live-streamed). CFN will provide travel assistance to all students and postdoctoral fellows selected to attend the summit to a maximum of $750. Organizers are requesting attendees complete an expression of interest.

T-CIAREM Conference (U of T Medicine) AI in Medicine will be held in Toronto, ON, October 12-13, 2023. Submission deadline for abstract and podium presentations is July 31, 2023.

The AGE-WELL annual conference will be held in Toronto, ON, October 24-26, 2023. Abstract submission deadline has been extended to August 11, 2023. Categories include symposia, workshops, poster sessions, and drinks & demos at AgeTech Innovation week receptions.

The World Congress on Genetic Counselling will be held in Hinxton, UK, October 25-27, 2023. Deadline for bursary applications is August 8, 2023. Abstract submission deadline is September 5, 2023.

STTI's Creating Healthy Work Environments conference will be held in-person in Washington, DC, March 8-10, 2024, and virtually March 14-15, 2024. Abstract submission deadline is August 24, 2023. The theme is Transforming nursing: Creating a healthy workplace culture. Broad topics include moral and ethical strategies and solutions; enhancing professional well-being; advocating for the workforce and work environment; and more.

The American Association of Occupational Health Nurses 224 virtual national conference will be held online, June 5-6, 2024. Conference podium submissions deadline is August 25, 2023; poster session submission deadline is September 8, 2023.

The 2024 Asia Pacific Medical Education conference will be held in Colombo, Sri Lanka, January 17-21, 2024. Abstract submission deadline is August 31, 2023. The theme is IAI in Health Professions Education. Trends. Issues. Priorities. Strategies.

The International Forum on Quality and Safety in Healthcare London will be held in London, UK, April 10-12, 2024. The call for speakers is open: submission deadline is September 5, 2023. There are six new streams: safety, people, population, change, science and leadership.

The 32nd European Congress of Psychiatry will be held in Budapest, Hungary, April 6-9, 2024. Abstract submission deadline is September 20, 2023. Abstract topics include mental health care, mental health policies, migration and mental health of immigrants, and more.
The World Congress of the International Society of Physical and Rehabilitation Medicine will be held June 1-6, 2024, in Sydney, Australia. **Workshop submission deadline is September 22, 2023, and abstract submission deadline is December 8, 2023.** Themes include social sciences, health policy and systems and more.

Alzheimer’s Disease International 2024 conference will be held in Krakow, Poland, April 24-26, 2023. **Abstract submission deadline is September 29, 2023.** Topics include dementia as a public health priority; dementia awareness; dementia risk reduction; dementia diagnosis, treatment, care and support; support for dementia carers; and more.

Hot Topics in Neonatology will be held December 10-13, 2023, as a hybrid conference (in-person at Fort Washington, Maryland). **Abstract submission deadline is October 3, 2023.** Abstracts will be accepted for both Hot Topics and Neonatal Quality at Hot Topics.

The World Conference on Research Integrity will be held in hybrid format, June 2-5, 2024. The in-person sessions will be held in Athens, Greece. **Abstract submission deadline is October 17, 2023.** Topics include grant assessment, award, monitoring; research procedures, materials and methods; research publication and communication; and more.

The International Society of Nephrology’s World Congress on Nephrology will be held in Buenos Aires, Argentina, April 13-16, 2024. **Abstract submission deadline is October 31, 2023.**

The STTI International Nursing Research Congress will be held in Singapore, July 25-28, 2024 (and virtually August 68, 2024). **Abstract submission deadline is November 8, 2023.** The theme is: Sharing insights, advancing care: disseminating nursing research and evidence for the future. Broad topics include global health equity; advances in education; global health issues and ethics; and more.

**Calls for Meeting Abstracts Still Open**

The Academy of Oncology Nurse and Patient Navigators 2023 Annual Conference will be held in San Antonio, TX, November 15-19, 2023. **Abstract submission deadline is June 19, 2023.** Categories include care coordination/care transitions, survivorship and end of life, clinical research, psychosocial support/assessment, and more.

The American Nursing Informatics Association annual conference will be held in Chicago, IL, May 0-11, 2024. Abstract submission deadline (speaker abstract) is **July 30, 2023**; poster abstract submission deadline is **December 15, 2023.**

The 11th Canadian Conference on Dementia will be held in Toronto, ON, November 2-4, 2023. **Abstract**
Submission deadline is July 28, 2023.
