

Research Resources

Reminder: Bloomberg Nursing's Research Office [Research Funding Resources](#) page has information about predatory publishing; reductions in APC fees; EDI resources; free software licenses; and more.

Sign up for the [Centre for Research & Innovation Support newsletter](#) for information about training sessions, funding opportunities and other resources, such as [leveraging digital platforms to support research impact](#).

Check the CRIS [Calendar of events](#), for upcoming events such as Research Ethics in the Health Sciences Info Session (February 6, 2024) and [ORCID Workshop for Researchers](#) (Feb 7, 2024). And if you missed a session, presentations and slide sets of past events are often available on the CRIS website.

Grant and Award Opportunities

Remember – always check grant information carefully

New Canadian Opportunities

The Canadian Cancer Society has launched three competitions. [Data Transformation Grants](#) will fund projects to improve the efficiency, timeliness, and quality of data capture and access; enhance linkages to current data; and fill gaps in current data collection and make data accessible for linkage and analysis. Funds available: approximately \$2.6 million, enough to fund approximately 10 grants. 1-2 year period (proof of concept, pilot, approx. 6 grants): Up to \$12,500 total; 3-year period (post pilot, full scale study): Up to \$150,000 per year (approx. 4 grants). **Non-competitive abstract registration deadline is February 21, 2024; full application due April 24, 2024.**

The [CCS/Lotte and John Hecht Memorial Foundation Disruptive Innovation Grants in Cancer Research](#) will fund projects that spur the development and/or application of truly novel out of the box ideas to better prevent, diagnose and treat cancer and/or lead to new lines of future investigation; that allow follow-up on serendipitous findings; that facilitate adaptation and repurposing of existing methods and technologies from other fields; that are bold and will disrupt current standards of care and replace the status quo in cancer prevention, detection and treatment. Funds available: approximately \$4 million, enough to fund up to 16 projects. Individual projects will be awarded up to \$250,000 over two years. **Letter of intent deadline: March 21, 2024; full application: August 1, 2024.**

[CCS Health Equity Research Grants](#): this program will fund projects focused on breast cancer in underserved communities (e.g., Indigenous, Black, living in a remote or rural area, living with advanced or metastatic cancer, diagnosed with breast cancer between ages 15 and 39, and living with male breast cancer). Up to \$8,000 per team will be awarded to successful LOI applicants. Full application funding will be available for up to \$450,000 per grant over 3 years (max \$150,000 per year for three years). Submission opens February 1, 2024; letter of intent due March 26, 2024; full application due September 10, 2024.

Connaught Fund

The [Connaught Community Partnership Research Program](#) notice of intent deadline is **March 15, 2024, with full application due May 1, 2024**. Funds available; Up to \$50,000 per year for one or two years for up to a total of \$100,000. The program anticipates funding three opportunities. PI must be a full-time campus-based University of Toronto faculty member.

[Pfizer Global Grants](#) and Rethink Breast Cancer have issued a request for proposals for quality improvement grants on [improving the care of persons living with metastatic breast cancer](#). Funds available: \$100,000. **Application deadline: March 31, 2024**. Approximately two grants will be awarded.

Students: Applying for research funding? Check with the Research office about your eligibility to hold funds. Contact the Research Office to get information and approval on proposals, administrative requirements and ethics ahead of deadlines, and always check with your supervisor! Email: research.nursing@utoronto.ca

New International Opportunities

Pre-announcement: the [Global Alliance for Chronic Diseases](#) plans to launch a call in 2024 for implementation research for management of multiple long-term conditions in the context of non-communicable diseases. Interested applicants should complete the [GACD Intention to Apply](#). The application portal opens in early 2024; the **deadline for first stage proposals is May 15, 2024**; full application deadline (invitation only) is September 18, 2024. CIHR is not yet listed as a funder but this may change.

[Alex's Lemonade Stand Foundation Reach](#) grant application deadline is **March 25, 2024**. Funds available: direct costs of up to US\$250,000 over two years. A maximum of US\$125,000 in direct costs per year may be requested. The Reach Grant supports pre-clinical hypothesis-driven research projects.

The [National League for Nursing Edmund J Y Pjarillo Health Informatics](#) and Innovation Collaborative Research Award **application deadline is February 1, 2024**. Value: US\$2,500. **Open to PhD, DNP** or MSc nursing students in health informatics and innovation in research in nursing education. Also available: [NLN Nursing Education Research Grants](#) and the [Mary Anne Rizzolo](#) Simulation Doctoral Research Award. US citizenship not required, but preference given to NLN members (note: U of T is not an institutional member).

The [Rita and Alex Hillman Foundation](#) offers several funding opportunities. Emergent Innovation: (12-18 months, US\$50,000) accelerates development of bold early stage interventions. Emergent Innovation: Serious Illness and End of Life (12-18 months, US\$50,000) accelerates development of bold early stage interventions. Hillman Innovations in Care (three years, US\$600,000) advances innovative evidence-based interventions that are ready to grow. For all, **letter of intent deadline is February 27, 2024**; full application by invitation. For all, there is an [optional informational webinar](#) at **1 pm, January 23, 2024** – registration required.

The [American Association for the History of Nursing](#) grants for historical research **application deadline is May 1, 2024**. Opportunities are available for established scholars and masters and doctoral students.

NIH Funding

- Cancer prevention and control clinical trials planning grant program (R34, [PAR-22-173](#) and [PAR-22-174](#)). Letter of intent due 30 days before application date; **expires September 8, 2025**.
- National Institute of Aging multi-site clinical trial implementation grant ([PAR-23-057](#)); **expires January 8, 2026**.
- Early and Late Stage Clinical Trials for the Spectrum of Alzheimer's Disease/Alzheimer's Related Dementias and Age-Related Cognitive Decline (R01 Clinical Trial Optional); ([PAR-23-081](#)); **expires January 8, 2025**.
- [Understanding expectancies](#) in cancer symptom management (R01, clinical trial required). PAR-23-155, no LOI required; **multiple due dates between June 15, 2023, and February 5, 2026**.
- National Institute of Allergy and Infectious Diseases [Clinical Trial Planning Grant](#) (R34); multiple deadlines with application expiring in May 2026. **Letter of intent due 30 days** before application due date. **Expires May 14, 2026**.
- Social disconnection and suicide risk in late life. [PAR-23-239](#) (R21) and [PAR-23-238](#) (R01). **Letter of intent required** 30 days before application due date. **Expires September 8, 2026**.
- Understanding expectancies in cancer symptom management (R01, [PAR-23-273](#)); **expires May 8, 2026**
- HEAL Initiative: Understanding individual differences in human pain conditions (R01, [RFA-NS-24-021](#)); **expires February 7, 2025**
- Personal health informatics for delivering actionable insights to individuals (R01, [PAR-23-245](#)), **expires November 6, 2026**.
- Secondary analysis and integration of existing data to elucidate cancer risk and related outcomes (R01, [PAR-23-245](#) and R21, [PAR-23-255](#)); **expires September 8, 2026**.
- Improving care and outcomes for cancer survivors from sexual and gender minority (SGM) populations (R01, Clinical Trial Optional [PAR-23-292](#)). **Letter of intent due 30 days before application**. **Expires January 28, 2027**.
- Ethical, legal and social implications (ELSI) research on human genetic or genomic research ([R01-PAR-23-293](#) and [R03 – PAR-23-205](#) and [R21-PAR-23-294](#)). No letter of intent; multiple application deadlines; **expires November 2026**.
- [Cancer prevention and control clinical trials](#) grant program (R01, PAR-24-072); **letter of intent due** 30 days before due date; **expires January 8, 2027**.

Expiring soon

- Innovative mental health services research not involving clinical trials (R01, clinical trials not allowed); [PAR-21-316](#); **LOI due 30 days before application due date**; check notice for all application dates. **Expiry September 8, 2024**.
- Pilot Studies for the Spectrum of Alzheimer's Disease/Alzheimer's Disease-Related Dementias and Age-Related Cognitive Decline (R61 Clinical Trial Optional) ([PAR-23-083](#)); **expires November 19, 2024**
- [Sustained support for informatics](#) technologies for cancer research and management (U24, RFA-CA-24-019); letter of intent due 30 days before application; **application deadlines: June 11, 2024, and November 14, 2024**.
- [Advanced development of informatics technologies](#) for cancer research and management (U24, RFA-CA-24-018), letter of intent due 30 days before application; **application deadlines: June 11, 2024, and November 14, 2024**.
- [Early-stage development of informatics](#) technologies for cancer research and management (U01, RFA-CA-24-017); letter of intent due 30 days before application; **application deadlines: June 11, 2024, and November 14, 2024**.
- [Development of innovative informatics](#) methods and algorithms for cancer research and management (R21, RFA-CA-24-016), letter of intent due 30 days before application; **application deadlines: June 11, 2024, and November 14, 2024**.

More opportunities are available in the [NIH database](#). Important: for researchers thinking of applying to the NIH, **NIH strongly encourages PIs to contact program officers directly**. Program Officers give valuable information and assistance to applicants. They will also help rejected applicants understand the weaknesses of an application.

Standard application deadlines apply. Please check NIH funding applications carefully re: submission deadlines. U of T Researchers must meet internal deadlines; please check with research office before beginning an application.

New CIHR Opportunities

CIHR [Reviewer in Training](#) program **application deadline is January 31, 2024**. This is open to candidates who have not previously participated in the RiT program or reviewed for the Project Grant competition and must not be full College members.

[Institute of Infection and Immunity](#) Spring 2024 New Investigator Forum Travel: **application deadline 5 pm February 2, 2024**. Maximum per award is \$3,000. These funds support travel to the 2024 CIHR-III New Investigator Forum, April 2-4, 2024, in King City, ON. Application to a 2024 Travel Award competition is mandatory in order to be eligible to participate in the Forum. For all inquiries, contact: Email: III-IMII@cihr-irsc.gc.ca.

Operating Grant: [Knowledge mobilization in diabetes prevention and treatment](#). **Application deadline: May 1, 2024**. Objectives: to increase and enhance knowledge mobilization and integration of evidence into policies and practices; support researchers and knowledge users; facilitate uptake of evidence. Funds available: \$2,000,000. Enough to fund approximately 16 grants. Max per grant: \$125,000 per year for up to one year. Pools: general (7 awards); Atlantic (2 awards); territorial (three awards); and up to 4 awards that have a substantial focus on type 1 diabetes.

Use your Research Office. We are here to support you. Please let us know when you are beginning the grant process – we are happy to assist with developing budgets and providing editorial, financial, content and methodological feedback. Let us know when you succeed! Email: research.nursing@utoronto.ca

Reminder – these competitions are still open

Canadian Opportunities

ONTARIO
SPOR SUPPORT
UNIT

The [Ontario SPOR Support Unit](#) is offering funds for graduate students (DN, PhD, Master's thesis-based) to encourage and support them to meaningfully engage and partner with patients (people with lived experience, caregivers and community representatives). Funds available: Up to \$1,500. **Application deadline is February 1, 2024.**

[Connections Grant](#): **Next competition February 1, 2024**; Again, UofT Applicants must meet internal deadlines and submit roughly 5 days before sponsor deadline. [U of T Applicants](#) (UTORID login required) whose grant has an international focus may apply to the Office of the Vice President, International, for supporting funds (up to \$5,000). Internal deadlines apply.

[SSHRC](#) Partnership Engage Grants; **next competitions March 15, 2024, and June 15, 2024**. UofT applicants must meet internal deadlines and submit roughly 5 days before sponsor deadline.

The Social Sciences and Humanities Research Council [Insight Development Grant](#) deadline is **February 2, 2024**. U of T applicants must submit their MRA by **January 23, 2024**, and must submit the full application by **January 30, 2024**.

[U of T's Schwartz Reisman Institute for Technology and Society](#) call for Schwartz Reisman faculty and graduate fellowships is now open. **Application deadline is February 4, 2024**. **Graduate fellowships (\$7,500 over one year in support)** are for one year; faculty fellowship (\$25,000 over two years in research project support) terms are two years.

The [AMS Healthcare Small Grant in Compassion and Artificial Intelligence](#) is valued at \$30,000. **Application deadline is February 7, 2024**.

CIHR and the [Canadian Association for Health Services and Policy Research \(CAHSPR\)](#) have relaunched the **Article of the Year Award competition**. This award recognizes ground-breaking publications in a peer-reviewed journal that have significantly contributed to advancing the field of health services and policy research in Canada. This year, one award will be granted to recognize an article published between *January 1, 2023 – December 31, 2023*. The total award amount is \$10,000 and must be used as a research allowance to support research and/or knowledge mobilization activities. **Past recipients have included PhD students**. **Applications due: February 8, 2024**. [Learn more](#).

The Kidney Foundation's [KRESCENT program](#) has an application deadline of **February 20, 2024**, for New Investigator and Postdoctoral Fellow submissions.

The [Canadian Research Data Centre Network](#) offers an emerging scholars grant to support **PhD students** undertaking thesis-related research in a research data centre in Canada. **Applications received from December 1 to March 31: grants will be awarded by May 15**. Applications received from April 1 to July 31: grants will be awarded by September 15. Applications received from August 1 to November 30: grants will be awarded by January 15.

International Opportunities

The [Thrasher Foundation](#) in the US supports children's medical research. [E.I. Thrasher awards](#) focus on changing pediatric clinical care. **Concept submission deadlines are January 18, 2024, and July 16, 2024**. Funds available: grants are not awarded over \$550,000; grant duration: up to three years. Indirect costs of no more than 7% of direct costs are allowed. [Early Career awards](#) focus on development of researchers in child health. The competition is open to physicians or **post-doctoral researchers**. **Concept submission deadlines: March 19, 2024, and September 5, 2024**. Maximum funding: \$25,000 in direct costs, for up to two years; indirect costs of no more than 7% of direct costs are allowed. Up to \$12,500 in total may be used for salary of the new researcher.

[Sigma/National league for Nursing Grant](#) application deadline is **February 1, 2024**. Preference given to members of Sigma and/or NLN members. Value: up to US\$5,000. Proposed research should focus on advancing the science of nursing education through the use of technology in the dissemination of knowledge.

The [National League for Nursing](#) (US) is accepting applications for the **Nursing Education Research Grant until February 1, 2024**. PIs must be members of NLN as individuals or through their institution. Funds available: Maximum of US\$30,000; up to five awards will be made. The NLN funds research that supports development of the science of nursing education.

The [National Council of State Boards of Nursing](#) Center for Regulatory Excellence Grant application deadline is **April 5, 2024**. Research priorities are impact of legalized marijuana; substance use disorders in nursing; national and international regulatory issues; economic analyses; remediation; and innovations in nursing education.

CIHR Grant Opportunities

Institute Community Support: [Planning and Dissemination Grants](#). **Application deadline February 1, 2024**. These grants support knowledge translation activities and grant planning activities. A total of \$2,224,195 is available, enough to fund approximately 104 grants. Most CIHR institutes are offering opportunities; some have specific requirements, funds available per grant vary, and some grants are reserved for early career or indigenous researchers. Of note, there is funding available for applications relevant to global health.

Team Grant: [Embracing diversity to achieve precision and health equity](#): **Letter of intent deadline February 1, 2024**, with full application due October 22, 2024. There are two types of grants: Research Teams and Knowledge Mobilization Hub Supplements. There are several key elements including integration of EDI in research, diversity in study population to develop more precise approaches; interdisciplinary team-based approaches, engagement of people with lived/living experience; and more. There are **specific research areas** that will be funded, which include **Ageing** (prevention, detection, and/or treatment of inflammatory aspects of high burden chronic diseases; underlying bio/social/structural/environmental determinants of health in disproportionately affected populations; self-determined health priorities of First Nations, Inuit and Metis re: infection and immunity); **Cancer** (increases understanding of heterogeneity in nutrition and metabolic health as they related to cancer prevention or early detection of cancer); **Indigenous** (self-determination/self-governance re: data sovereignty; reciprocity and quality of reciprocity and equal partnership between Indigenous and non-Indigenous approaches). Funds available: LOI: \$760,000 to fund 38 engagement grants at maximum of \$20,000 for up to one year. Full application stage: \$40,250,000 is available to fund approximately 19 Research Teams grants and one knowledge mobilization hub supplement. Partners include Diabetes Canada, the Kidney Foundation of Canada, Genome BC, and Genome Quebec.

[Spring Project Grant](#). **Registration deadline February 7, 2024, with full application due March 6, 2024** (U of T **Applicants must submit an MRA by February 28, 2024**). **Important update:** CIHR will no longer allow these **attachments:** questionnaires, surveys, and consent forms; supplementary tables, charts, figures, and photographs; patient information sheets (for RCT applications); and publications. **If any of these documents are included, they will be removed.** Important update: applicants must use Times New Roman 12 point black font for text. Remember that the Project Grant is open to all areas of health research aligned with the CIRH mandate - including global health and commercialization. **Note that 4.6% of funding will be dedicated to supporting applications with an Indigenous health research focus. In addition, the budget will be reserved so that the proportion of grants funded is at least equal to the proportion of applications submitted by ECRs, female applicants and French-language applications.**

Important updates:

Where applicable, information intended for public consumption, for the purposes of informing and engaging stakeholders (e.g., website content, information pamphlets, guidelines, promotional and event-related material, etc.), should be provided in both official languages (English and French) and developed using plain language practices. (Updated: 2024-01-10)

CIHR reserves the right to terminate or suspend funding if there is a determination of unacceptable national security risk by the Government of Canada. (Updated: 2024-01-10)

[Priority Announcements](#) include breast cancer prevention and early detection; breast cancer research; breast cancer survivorship; health services and policy research; pandemics and health emergencies research; and many more. CIHR is hosting an English Language webinar: Thursday, February 8, 2024 at 1:00 PM ET | [Join](#)

Operating Grant: [National Women's Health Research Institute Innovation Fund](#). **Registration Deadline February 13, 2024, with full application due March 13, 2024.** An information webinar will be held (not yet scheduled). This application will use the [harmonized Tri-Agency CV](#). Overall goal: To support chronically underfunded and under-researched areas of women's health, specifically supporting translational research and implementation science research in women's health. All projects will be required to link with the [Pan-Canadian Women's Health Coalition](#). There are two research areas: translational research focused on expediting development and adoption of new healthcare diagnostics, therapeutics, and medical devices for benefit of women, girls, and gender-diverse people; healthcare implementation to scale up promising practices for removing barriers and improving access to care for this group. Funds available: \$9,000,000, enough to fund approximately 15 grants. Maximum amount per grant is \$600,000 for 34 months based on: year 1, up to \$240,000; year 2, up to \$200,000, and year 3, up to \$160,000. \$3,000,000 is available for translational research; \$6,000,000 is available for implementation research.

Catalyst grant: [Chief Public Health Office Report](#). **Application deadline: February 22, 2024.** Research focus: the opportunities identified in the CPHR's [Generating Knowledge for a Health Promotion Approach to Emergencies](#) report. A portion of funding is reserved for early career researchers. Funds available: \$2,000,000, enough to fund approximately 16 grants.

[Health System Impact Fellowship](#). **Application deadline: February 22, 2024. Webinar: January 9, 2024, 12 – 1 pm. [Join here](#). Application deadline: Winter 2024.** This fellowship supports **PhD trainees, postdoctoral researchers**, and early career researchers in health services and policy research/related fields. Specific research areas include the Institute of Aging, the Institute of Gender and more. Read requirements carefully. More information about the application (from past competitions) [can be found here](#). Applicants must have a partner organization to embed with. Doctoral trainees receive a one year paid experiential learning opportunity; at least 60% of time is focused on a project of direct relevance to their partner organization. The 40% balance is protected for doctoral program commitments. Postdoctoral researchers receive a paid two-year experiential learning opportunity and are embedded with their health system partner organization for at least 70% of their time. The 30% balance is protected for academic research. The doctoral trainee stipend is \$45,000 with a \$5,000 professional development and research allowance; the postdoctoral researcher stipend is \$70,000 per year with a \$7,500 professional development training and research allowance. CIHR anticipates funding 55 awards.

- [Host partner organization resource tool/ Partner Linkage Tool](#)
- [Frequently Asked Questions: Health System Impact Fellowship funding opportunity](#)
- [Profiles of Health System Impact Fellows and Alumni](#)
- [Healthcare Policy special issue on Training for Impact: Modernizing Health Services and Policy Research Training](#)
- [Research Impact in health services & policy research flyer](#)
- [Other resources](#)

Ongoing until March 5, 2024: [Patient-Oriented Research Awards – Transition to Leadership Stream – Phase 2](#). Recipients of the POR Transition to Leadership Stream – Phase 1 awards should review application deadlines carefully. CIHR anticipates funding a maximum of 22 awards over this program’s duration. Maximum award is \$115,000 per year for up to three or four years depending on the applicant’s Phase 1 status. Partner contributions required to match CIHR contribution at minimum of 1:1 ratio.

Research Updates

University of Toronto Updates

The Division of the Vice-President, Research & Innovation has launched the [U of T Research Account \(UTRAC\)](#) to replace FReD.

U of T is calling for submission for its [Public Policy Reports Collection](#).

CIHR Updates

You can now [delegate access](#) to individuals in Research Net to support completion of application tasks.

CIHR has launched a new [Mock Review Toolkit](#) to support planning and delivery of mock peer review.

Other Updates

[Changes are coming to NSERC Alliance grants](#) to streamline funding and merit review, remove barriers to collaboration, strengthen relationships and more. Alliance Option 1 and Alliance Option 2 will be renamed Alliance Advantage and Alliance Society respectively.

SSHRC is delaying the next funding opportunity for SSHRC [Aid to Scholarly Journals](#).

Multi-Factor Authentication for the [Convergence Portal](#) will become mandatory in early spring 2024.

The Government of Canada has released its listing of [named research organizations](#) and sensitive technology research areas to inform researchers of organizations and institutions that pose the highest risk to Canada’s national security.

Upcoming Events

New events and calls for abstracts

The [Canadian Cardiovascular Society Congress](#) will be held October 24-27, 2024. **Abstract submission opens February 21, 2024.**

ENRICH The [Perinatal Child Health Research Meeting](#) will be held in Vancouver, BC, June 3-6, 2024. **The call for abstracts closes February 1, 2024.** This call is open to students, new investigators, and others. **The call for ENRICH abstracts closes May 1, 2024.** ENRICH learners can submit to the ENRICH abstract system.

ARN The [Association of Rehabilitation Nurses’ annual congress](#) will be held in San Antonio, TX, August 11-13, 2024. **Abstract submission deadline is February 8, 2024.**

WCE The [World Congress of Epidemiology](#) will showcase research in epidemiology and public health, and will be held in Cape Town, South Africa, September 24-27, 2024. **Abstract submission deadline is February 16, 2024.**

The University of Toronto's [Teaching and Learning Symposium 2024](#) will be held May 22-23, 2024. **Proposal submission deadline is February 16, 2024.** The theme is "What is a classroom".

The [KT Canada Summer Institute](#) will be held jointly with Dalhousie University, June 19-21, 2024, in Halifax, NS. **Application deadline is February 25, 2024.** Sessions include patient and public engagement in research; KT interventions of proven effectiveness; outcomes evaluation; and more.

The [American Psychiatric Nurses Association](#) 38th Annual Conference will be held in Louisville, KY, October 9-12, 2024. **Abstract submission deadline is March 4, 2024.**

The [American Society of Bioethics and Humanities](#) annual conference will be held in St. Louis, MO, September 18-21, 2024. The program theme is "What does it mean to be human?" **Abstract submission deadline is March 4, 2024.**

GSA 2024 The [Gerontological Society of America](#) annual meeting will be held in Seattle, WA, November 13-16, 2024. **Abstract submission deadline is March 14, 2024.**

The Royal College of Nursing's [International Nursing Research Conference](#) will be held in Newcastle Upon Tyne, UK, September 10-12, 2024. **Abstract submission deadline is March 18, 2024.** The theme is "Inclusivity in nurse research: Working together to make a difference".

[Medical Informatics Europe](#) will be held in Athens, Greece, August 25-29, 2024. Abstract submission is now open. **Full papers and short communications/posters: due March 18, 2024;** workshops, panels, demonstrations, and tutorials: Due April 15, 2024.

CIHR has launched an online engagement forum to refresh [Canada's Strategy for Patient-Oriented Research](#). **Contributions accepted until March 31, 2024.** Themes include Important trends and emerging needs of the future; building capacity and partnering for excellent in POR; strengthening collaboration with policy and health decision-makers to increase research impact; and more.

CHEST [CHEST 2024](#) will be held in Boston, MA, October 6-9, 2024. **Abstract submission deadline is March 25, 2024.**

The [European Sleep Research Society](#) Sleep Europe Congress will be held in Seville, Spain, September 24-27, 2024. **Abstract submission period is January 22 to April 2, 2024.**

The European Society of Medical Oncology [Gynaecological Cancers Congress](#) will be held June 20-22, 2024, in Florence, Italy. **Abstract submission deadline is April 3, 2024.**

The [World Cancer Congress](#) will be held in Geneva, Switzerland, September 17-19, 2024. The call for abstracts opens January 31, 2024, **and closes April 4, 2024.** Three types of submissions are welcome: Abstracts on scientific studies (including clinical studies; no in vitro or animal studies allowed); practice, policy and advocacy reports; summaries of fundraising campaign reports.

The [World Conference on Lung Cancer](#) will be held in San Diego, CA, September 7-10, 2024. **Abstract submission opens January 31, 2024, and closes April 5, 2024.** Abstract tracks include patient advocacy; global health, health services, and health economics; multidisciplinary care: Nursing, allied health and palliative care; and more.

The [International Society of Pediatric and Adolescent Diabetes](#) annual congress will be held in Lisbon, Portugal, October 16-19, 2024. **Abstract submission deadline is Friday, April 5, 2024.**

The [Cancer Prevention Research Conference](#), hosted jointly by the American Cancer Society and Cancer Research UK will be held in Boston, MA, June 25-27, 2024. **Postdocs and students can showcase** their work and give a poster presentation or flash talk as part of the program. **Abstract submission deadline is April 12, 2024.** Abstracts should one of four conference themes: mechanistic insights informing prevention strategies; health inequities in cancer incidence and prevention; deepening understanding of risk; precision prevention in high risk populations.

The [16th World Stroke Congress](#) will be held October 23-26, 2024, in Abu Dhabi, UAE. **Abstract submission deadline is April 24, 2024.** Abstract topics include health services, knowledge translation and implementation science, life after stroke, and more.

The [European Public Health Conference](#) will be held November 12-15, 2024, in Lisbon, Portugal. **Abstract submission opens February 1-May 1, 2024.** Topics include public mental health, health promotion, chronic diseases and NCDs, and more.

The [9th International Nurse Education Conference](#) will be held October 27-30, 2024, in Singapore. **Abstract submission deadline is May 10, 2024.**

The 50th Annual Conference of the [Transcultural Nursing Society](#) will be held in Salt Lake City, UT, October 23-206, 2024. **Abstract submission deadline is May 15, 2024.**

The [8th World Congress on Controversies in Breast Cancer](#) will be held in Edinburgh, Scotland, September 11-14, 2024. **Abstract submission deadline is June 5, 2024.**

Calls for Meeting Abstracts Still Open
