 - Understanding expectancies in cancer symptom management (R01, [PAR-23-273](#)); **expires May 8, 2026**
 - HEAL Initiative: Understanding individual differences in human pain conditions (R01, [RFA-NS-24-021](#)); **expires February 7, 2025**
 - Personal health informatics for delivering actionable insights to individuals (R01, [PAR-23-245](#)), **expires November 6, 2026.**
 - Secondary analysis and integration of existing data to elucidate cancer risk and related outcomes (R01, [PAR-23-245](#) and R21, [PAR-23-255](#)); **expires September 8, 2026.**
 - Improving care and outcomes for cancer survivors from sexual and gender minority (SGM) populations (R01, Clinical Trial Optional [PAR-23-292](#)). **Letter of intent due 30 days before application.** **Expires January 28, 2027.**
 - Ethical, legal and social implications (ELSI) research on human genetic or genomic research ([R01-PAR-23-293](#) and [R03 – PAR-23-205](#) and [R21-PAR-23-294](#)). No letter of intent; multiple application deadlines; **expires November 2026.**
 - [Cancer prevention and control clinical trials](#) grant program (R01, PAR-24-072); **letter of intent due** 30 days before due date; **expires January 8, 2027.**

Expiring soon

- Innovative mental health services research not involving clinical trials (R01, clinical trials not allowed); [PAR-21-316](#); **LOI due 30 days before application due date**; check notice for all application dates. **Expiry September 8, 2024.**
- Pilot Studies for the Spectrum of Alzheimer’s Disease/Alzheimer’s Disease-Related Dementias and Age-Related Cognitive Decline (R61 Clinical Trial Optional) ([PAR-23-083](#)); **expires November 19, 2024**
- [Sustained support for informatics](#) technologies for cancer research and management (U24, RFA-CA-24-019); letter of intent due 30 days before application; **application deadlines: June 11, 2024, and November 14, 2024.**
- [Advanced development of informatics technologies](#) for cancer research and management (U24, RFA-CA-24-018), letter of intent due 30 days before application; **application deadlines: June 11, 2024, and November 14, 2024.**
- [Early-stage development of informatics](#) technologies for cancer research and management (U01, RFA-CA-24-017); letter of intent due 30 days before application; **application deadlines: June 11, 2024, and November 14, 2024.**
- [Development of innovative informatics](#) methods and algorithms for cancer research and management (R21, RFA-CA-24-016), letter of intent due 30 days before application; **application deadlines: June 11, 2024, and November 14, 2024.**

More opportunities are available in the [NIH database](#). Important: for researchers thinking of applying to the NIH, **NIH strongly encourages PIs to contact program officers directly.** Program Officers give valuable information and assistance to applicants. They will also help rejected applicants understand the weaknesses of an application.

Standard application deadlines apply. Please check NIH funding applications carefully re: submission deadlines. U of T Researchers must meet internal deadlines; please check with research office before beginning an application.

New CIHR Opportunities

Team Grant: [Official language minority communities in health research](#). **Registration deadline April 16, 2024, and full application due May 14, 2024.** The funding opportunity will support creation of teams undertaking research relevant to the health care issues of Canadians in these communities. The aim is to increase research capacity in this area; increase knowledge of relevant health determinants, etc.; ensure that newly created knowledge is transmitted to researchers and clinicians. Funds available: one team from each of Canada's official language communities in minority situations will be funded at \$1,500,000 each; the maximum is \$250,000 per year for up to six years.

[CIHR SickKids New Investigator Research Grants in Child and Youth Health](#) **application deadline is April 22, 2024.** Funds available: \$1,800,000, enough to fund approximately six grants. Maximum per grant is \$100,000 per year for up to three years.

Use your Research Office. We are here to support you. Please let us know when you are beginning the grant process – we are happy to assist with developing budgets and providing editorial, financial, content and methodological feedback. Let us know when you succeed! Email: research.nursing@utoronto.ca

Reminder – these competitions are still open

Canadian Opportunities

Connaught Fund The [Connaught Community Partnership Research Program](#) **notice of intent deadline is March 15, 2024, with full application due May 1, 2024.** Funds available; Up to \$50,000 per year for one or two years for up to a total of \$100,000. The program anticipates funding three opportunities. PI must be a full-time campus-based University of Toronto faculty member.

[SSHRC](#) Partnership Engage Grants; **next competitions March 15, 2024, and June 15, 2024.** UofT applicants must meet internal deadlines and submit roughly 5 days before sponsor deadline.

The [CCS/Lotte and John Hecht Memorial Foundation Disruptive Innovation Grants in Cancer Research](#) will fund projects that spur the development and/or application of truly novel out of the box ideas to better prevent, diagnose and treat cancer and/or lead to new lines of future investigation; that allow follow-up on serendipitous findings; that facilitate adaptation and repurposing of existing methods and technologies from other fields; that are bold and will disrupt current standards of care and replace the status quo in cancer prevention, detection and treatment. Funds available: approximately \$4 million, enough to fund up to 16 projects. Individual projects will be awarded up to \$250,000 over two years. **Letter of intent deadline: March 21, 2024; full application: August 1, 2024.**

[CCS Health Equity Research Grants](#): this program will fund projects focused on breast cancer in underserved communities (e.g., Indigenous, Black, living in a remote or rural area, living with advanced or metastatic cancer, diagnosed with breast cancer between ages 15 and 39, and living with male breast cancer). Up to \$8,000 per team will be awarded to successful LOI applicants. Full application funding will be available for up to \$450,000 per grant over 3 years (max \$150,000 per year for three years). **Letter of intent due March 26, 2024; full application due September 10, 2024.**

 [Pfizer Global Grants](#) and Rethink Breast Cancer have issued a request for proposals for quality improvement grants on [improving the care of persons living with metastatic breast cancer](#). Funds available: \$100,000. **Application deadline: March 31, 2024.** Approximately two grants will be awarded.

 The [Canadian Research Data Centre Network](#) offers an emerging scholars grant to support **PhD students** undertaking thesis-related research in a research data centre in Canada. **Applications received from December 1 to March 31: grants will be awarded by May 15.** Applications received from April 1 to July 31: grants will be awarded by September 15. Applications received from August 1 to November 30: grants will be awarded by January 15.

International Opportunities

The Rita **Hillman** and Alex **Foundation** The [Rita and Alex Hillman Foundation](#) offers several funding opportunities. Emergent Innovation: (12-18 months, US\$50,000) accelerates development of bold early stage interventions. Emergent Innovation: Serious Illness and End of Life (12-18 months, US\$50,000) accelerates development of bold early stage interventions. Hillman Innovations in Care (three years, US\$600,000) advances innovative evidence-based interventions that are ready to grow. For all, **letter of intent deadline is February 27, 2024**; full application by invitation.

 [Alex's Lemonade Stand Foundation Reach](#) **grant application deadline is March 25, 2024.** Funds available: direct costs of up to US\$250,000 over two years. A maximum of US\$125,000 in direct costs per year may be requested. The Reach Grant supports pre-clinical hypothesis-driven research projects.
