New Canadian Opportunities

TRANSFORM HF [Collaboration Starter Grant](#) **competition deadline is March 31, 2024**. Funds available: up to \$10,000. TRANSFORM HF will fund projects that support collaborative work with members of their community that advance and expand the TRANSFORM HF network, i.e., proposal development meetings, patient, or knowledge keeper compensation; scoping and preliminary project research and data collection; research proposal writing and editing.

The Ted Rogers Centre for Heart Research [Education Fund](#) **application deadline is April 1, 2024**. The **doctoral award** is \$20,000; the postdoctoral award is \$40,000. Projects must focus on heart failure (science, medicine, nursing, data science, public health, etc.).

[CASCADES Summer Institute on Sustainable Health Systems](#) **application deadline is April 1, 2024**. The Institute will be held June 10-13, 2024, across Canada and virtually. In-person sites include McMaster and University of Toronto.

[STTI's Lambda Pi at Large Chapter Research Grants](#) competition is open to members: Publication grant (\$500), travel grant (up to \$1,000), Research seed grant (\$2,000) and Health Initiative seed grant (\$2,000). Note: Doctoral research is **not eligible** for Research or Health Initiative seed grant funding. **Application deadline: April 12, 2024**.

GROWW (Guiding interdisciplinary Research on Women and girls' health and Wellbeing) is inviting **doctoral students and early career researchers** to apply to their cohort program. **Application deadline is April 15, 2024.** Financial support is available for some graduate students (\$10,000 per year for two years) and postdoctoral fellows (\$20,000 per year for two years); priority given to trainees supervised by an early career researcher. Check eligibility carefully.

Universities Canada.

L'Oreal Canada for [Women in Science](#) Research Excellence Fellowships **application deadline is April 18, 2024.**

[CADTH Symposium Travel Awards Program](#) **application deadline is April 19, 2024.** Funds available: Up to \$3,000. This program supports students, patients and caregivers, and members of equity-deserving groups to attend the Canadian Association of Drugs and Technology in Health meeting in Ottawa, ON (September 4-6, 2024).

[Pfizer Global Medical Grants](#) (in association with the Lung Health Foundation, Lung Cancer Canada and Association pulmonaire du Québec) has released an RFP on "Improving the care and outcomes of residents of Canada living with metastatic non-small cell lung cancer." **Application deadline is April 30, 2024.** A maximum of \$200,000 is available. Maximum request is \$100,000. The focus is on improving health equity by addressing challenges such as (but not limited to): disparities linked to age, race, geography etc., implementation of value-based healthcare to improve quality of care; multidisciplinary care models; approaches to optimizing care; and more.

The [University of Toronto and Université Paris Cité](#) have launched a call for joint research proposals to support collaborative research initiatives. **Intent to apply deadline is May 3, 2024.**

The [University of Toronto and the Hebrew University of Jerusalem](#) have issued a call for proposals for a research and training alliance. **Application deadline is May 9, 2024.**

New International Opportunities

The [American Psychiatric Nurses Association research grant](#) application deadline is **May 7, 2024**. A preliminary review is available upon request – deadline is April 12, 2024. Funds available: US\$1,000-10,000 per award. Applicants must be early career investigators and current members of APNA. APNA will accept applications for **doctoral dissertation** research (doctoral students should discuss with their supervisor and ensure the supervisor is listed as a Co-PI on the grant).

[Sigma Theta Tau International](#) Association of Rehabilitation Nurses Grant has a **June 1, 2024, application deadline**.

[Alex's Lemonade Stand](#) R Accelerated Grant **application deadline is June 6, 2024**. This grant funds original research that is not currently funded and that aims to accelerate discovery of more effective, less toxic therapies for childhood cancers. Funds Available: US\$200,000 per year for up to four years.

Competitions with no fixed deadline

[NSERC and Mitacs](#) have developed a joint application process for researchers seeking support from both agencies. It is now possible to request support through Mitacs Accelerate internships as part of the full Alliance application. The [Alliance](#) grants system accepts applications at any time – there is no deadline.

NSERC [Alliance Grants](#). **Application deadline: No fixed date**. There are two streams: Alliance [Advantage](#): \$20,000 to \$1 million per year for 1-5 years, university researchers collaborate with external organizations to meet partner goals. Alliance [Society](#): \$20,000-\$1 million per year for 1-5 years; university researchers collaborate with partners on projects with societal impact.

[Mitacs Accelerate](#) accepts applications throughout the year. The competition is open to doctoral students and post-doctoral fellows. Students partner with a supervising professor and a partner organization to develop a research project. Partner funding is required. Funding begins at \$15,000 for 8 months.

New! [Mitacs Elevate](#) is now accepting proposals all year round. This is a postdoctoral fellowship with a professional development curriculum component. Value: minimum \$55,000 stipend (partner contributes \$30,000 per year).

GATEWAY

FOR CANCER RESEARCH

The [Gateway Foundation for Cancer Research](#) accepts grants from researchers around the world on a rolling basis. Successful grant applications are typically funded within 3 to 4 months. A letter of intent is required, and if accepted, applicants have roughly four weeks to submit the full application.

RISING TIDE

Foundation

The [Rising Tide Foundation for Clinical Cancer Research](#) (Switzerland) accepts letters of intent year-round. Note – matching cash funds are required. Check for eligibility by emailing grants@risingtide-foundation.org before beginning an application.

THE MAYDAY FUND

The [Mayday Fund](#) offers grants for research into pain. **There is no deadline; grants are reviewed at the next Trustee's meeting.**

Max Bell Foundation

[Max Bell Foundation](#) has an ongoing review of grant applications in health and wellness. An LOI is required, and full application is by invitation.

The [R. Howard Webster Foundation](#) (Canada) offers funding in the broad areas of Arts & Culture, Education, Environment, Medical, and Social Services. There are no specific deadlines, and once submitted, review and decision process may take up to 6 months.

[CANSSI Ontario](#) offers grants of up to \$5,000 to cover covers associated with accessing and working with large data sources. Canssi also offers two grants of up to \$10,000 each to support projects using ICES data.

Applications are accepted on a rolling basis until two grants have been funded in a given academic year.

Trainees or faculty members at Ontario-based universities are eligible to apply. Each proposal must include two faculty members from different academic units (at least one from a stats/biostats department). CANSSI also offers funds (\$500-\$1,000) to support Ontario workshop/lecture programs in emerging areas of statistical and data sciences.

The [Thrasher Foundation](#) in the US supports children's medical research. [E.I. Thrasher awards](#) focus on changing pediatric clinical care. **Concept submission deadline is July 16, 2024.** Funds available: grants are not awarded over \$550,000; grant duration: up to three years. Indirect costs of no more than 7% of direct costs are allowed. [Early Career awards](#) focus on development of researchers in child health. The competition is open to physicians or **post-doctoral researchers**. **Concept submission deadline is September 5, 2024.** Maximum funding: \$25,000 in direct costs, for up to two years; indirect costs of no more than 7% of direct costs are allowed. Up to \$12,500 in total may be used for salary of the new researcher.
