New CIHR Opportunities

The webinar on **Service Design in Health Research** will discuss strategies for enhancing research design and promoting collaboration with underserved communities. Attendees will gain insights on how to effectively engage diverse and hard-to-reach groups, particularly for shorter projects. The session will provide practical guidance on conducting inclusive and impactful research while addressing common challenges. The session will also cover some principles from the User Design profession to help people consider health systems from a different angle. All members of the research team are welcome to join. This is a collaboration between the CIHR Institute of Musculoskeletal Health and Arthritis (IMHA) and the Institute of Health Services and Policy Research (IHSPR). **Webinar Date:** Thursday, April 10th, 2025; 5:00 to 6:00 PM EST. [Register Here](#)

Notice of upcoming funding opportunity: [Emerging Learning Health Systems in Mental Health](#) will fund two national learning health systems in early psychosis intervention and perinatal mental health. Objectives: develop a national LHS, enhance access to services to improve quality of life and more. Anticipated timeline: Launch: Spring 2025; application deadline (there may be a registration or expression of interest deadline as well): fall 2025; and funding start date: Winter 2026.

Notice of upcoming funding opportunity: planning and dissemination grants are anticipated to launch in early April 2025.

The [Health System Impact Fellowship](#) will launch in spring, with a summer deadline.
